Strengthen New Rights Bill Wilkins Urges Congressmen

Washington — In testimony before a subcommittee of the House Judiciary Committee, Roy Wilkins, executive director of the National Association for the Advancement of Colored People and chairman of the Leadership Conference on Civil Rights, endorsed the civil rights program embodied in the Administration's bill, H.R. 14765, and called for strengthening amendments.

Sub-Committee

Speaking on behalf of the NAACP and the Leadership Conference, composed of some 100 national church, labor, civic, professional and fraternal organizations, Wilkins appeared before the subcommittee here on May 17, the 12th anniversary of the Supreme Court's historic decision banning racial segregation in public education.

Only because of "nearly a century of neglect," Wilkins told the committee members, was it necessary to appeal again to Congress for enactment of a fifth major civil rights bill within a ten-year period. Experience under the previously enacted legislation, he said, has "indicated the need for further legislative action to refine and protect the rights encompassed by these laws."

4 Titles

The Administration bill, submitted to Congress by President Johnson

on April 28, consists of four titles proposing (1) "stronger and more effective criminal laws against interference with long-established rights"; (2) reform of the jury selection system to prevent exclusion of Negroes; (3) expansion of the Attorney General's authority to institute suits to desegregate schools and public facilities; and (4) legislation to assure and protect freedom of residence.

Approval

Wilkins approved these proposals but asked that they be strengthened and called for addition of a new title providing payment of damages to victims of racial violence or to their surviving heirs.

The NAACP leader cited the "automatic trigger" in the Voting Rights Act of 1965 and proposed inclusion of such a provision in the pending bill, "based on statistical evidence of non-participation of Negroes in jury service, for the purpose of suspending discriminatory state qualifications and appointing a Federal official to select state juries where discrimination exists."

Amended

Because of the "all-white personnel policy" in the administration of justice, Wilkins proposed "that the equal employment law (Title VII of

Letters Deluge Senate Subcommittee Hearings Including from Ottumwa

Washington, D.C.—The open housing section of the Civil Rights Bill is coming under fire as a barrage of letters from all over the nation converged on congressmen, urging defeat of the statute.

A letter, written by J. L. Harness, president of the Ottumwa Board of Realtors, was one of several hundred received by members of the House and Senate Judiciary committees calling for defeat of the open housing section of the administration's Civil Rights Bill.

A large segment of the real estate business seems to be up in arms at the proposed legislation, which is intended to ban racial discrimination in the sale of rental of all housing.

Witness

Much of the opposition was generated by the National Association of Real Estate Boards, which has called on its 83,000 members to convince Congress that the proposal is "inherently evil and would sound the death knell of the right of private property ownership."

Allen L. Emlen of Philadelphia, chairman of the association's Washington committee, appeared before a House Judiciary subcommittee Tuesday as the first opposition witness.

For the last three weeks the subcommittee has heard from proponents of the legislation.

"For All Time"

The association called for a nationwide lobbying and letter-writing campaign in a May 4 bulletin sent to 1,500 real estate boards.

"This forced housing law," it said, "should be rejected so decisively as to end for all time any attempt to accomplish this objective through federal law."

According to the association, the legislation is the first civil rights measure "which purports to grant one group an alleged 'right' by trampling on the rights of others."

Suit

Under Title IV of the Civil Rights Bill, an aggrieved party could sue in state or federal court for a restraining order against an owner, broker or lending institution accused of discriminating on grounds of race, color, religion or national origin.

The court would have authority to award the plaintiff punitive damages up to \$500.

Attorney General Nicholas Katzenbach has testified that he expects widespread, voluntary compliance such as was achieved under the public accommodations sections of the Civil Rights Act of 1964.

Charges Little Training for Negro Prisoners in State Pen; Suggests NAACP Affiliate

Iowa Human Rights Director

James Thomas charged that Negro prisoners at the Fort Madison state penitentiary do not get a chance to participate in the training programs and suggested that a chapter of the NAACP could be organized at the prison to help alleviate any racial problems.

Need Outside Affiliate

Thomas said an NAACP chapter in the penitentiary "would require coordination with a local chapter" in the city of Fort Madison. Individuals outside the penitentiary, he said, "would have to be pretty thoroughly acquainted with the program and have to be pretty much in touch with it in order to help out with it." He said he would hope that the membership would include white as well as Negro prisoners.

Several Suggestions

Thomas said the NAACP idea was only one of a "number of suggestions" made to state penal officials. He said the commission has not presented "any list of ultimatums" regarding the penitentiary.

The director said the NAACP suggestion was given "merely as an idea." Asked whether an NAACP branch would be used to observe the treatment of Negro prisoners, Thomas said he "cannot define in my position exactly what such a group would do there. That would be up to the people who form this group."

Problems

Thomas said prisoners have reported problems of discrimination in job assignments in Fort Madison. He indicated he is not accepting all reports from prisoners as being accurate.

"Very definitely they state there

are problems now," he said, "but that is not to be confused as meaning that we have found this to be so."

Outside Affiliate

Thomas said an NAACP unit "might give inmates a healthy outlet for discussion of problems." He said "might give inmates a healthy outlet The feelings of individuals about their problems 'are being held in,' he added.

Race Discussion

Thomas expressed doubt that race relations ever are discussed in group therapy sessions at Fort Madison.

THOMAS

"From what we understand in talking with prisoners, the problem is pretty well kept under the rug," he said. "Maybe it would be a good idea to bring it out."

Thomas has raised the point that training programs appear to have been less available in one way or

Federal Funds Released After In Remembrance of Loved Ones on Memorial Day

Calif. Restores Fair Housing

New York — Robert C. Weaver, Secretary of Housing and Urban Development, has informed the National Association for the Advancement of Colored People that Federal funds, previously withheld, were being released for renewal projects in California upon assurance from Gov. Edmund G. Brown that the state's fair housing laws would be enforced.

Some \$200 million in Federal funds had been withheld from the state because of the provisions of Proposition 13.

Telegram

Secretary Weaver's action followed receipt of a telegram from NAACP General Counsel Robert L. Carter urging continued withholding of Federal funds for housing in California in light of Gov. Brown's reported

statement that he "would continue to enforce" Proposition 13, the anti-Negro housing amendment which was struck down by a California Supreme Court ruling on May 10. The Governor said he would instruct the State FEPC not to enforce the fair housing laws pending action by the United States Supreme Court.

Gov. Brown

In an apparent reversal, Gov. Brown later advised HUD that he would immediately enforce the fair housing statutes, "unless there is further judicial action." Adoption of Proposition 13 in 1964 nullified these laws. An NAACP suit was one of six before the California Supreme Court challenging the constitutionality of the proposition.

Cosby Wins Emmy Award For TV 'I Spy' Performances

New York — Bill Cosby, 28, co-star of the "I Spy" television series, made it double or nothing all in one year — first, last fall by becoming the first of his race to star in a top weekly series and second, Saturday by winning the top Emmy award.

Cosby won the National Academy

of Television Arts and Sciences 'Emmy' for outstanding continued performance by an actor in a leading role in a dramatic series.

Cosby first won national acclaim as a nightclub and television comedian with his dry but pointed, running humor.

Electrical Workers To Place 1,500 Disadvantaged In On-The-Job Training

The membership of the International Union of Electrical Workers is launching a massive recruitment drive to place 1,500 disadvantaged persons in on-the-job training programs, Secretary of Labor W. Willard Wirtz announced today.

Under a \$156,376 Labor Department contract, the IUE will develop on-the-job training agreements initially in 12 cities where the electrical union has a concentration of members.

IUE membership will conduct a person-to-person, door-to-door campaign to seek out hard-core unemployed and underemployed persons for job training.

Electrical manufacturing firms, large and small, will provide the main source of training opportunities at the local level.

The 12 cities selected for the opening drive are Pittsburgh, Philadelphia, New York, Cleveland, Cincinnati, Chicago, Milwaukee, St. Louis, Indianapolis, Boston, Newark, N. J., and Springfield, Mass.

Program director will be William S. Gary, Director of the Civil Rights and Minority Affairs Department of the IUE.

Paul J. Jennings, President of the IUE, who signed the Manpower Development and Training Act contract with Manpower Administrator Stanley H. Ruttenberg said.

the 1964 Act), either as now constituted or as amended by the Hawkins bill, be amended to cover state and local public employment practices."

Change

Further, he called for a change in the bill to provide for administrative enforcement of the provisions of Title IV, the fair housing section. Such a change is necessary, he said, because "the victims of discrimination are rarely in a position to initiate and carry through lengthy court proceedings. Under the administrative process, the burden is largely lifted from the complainant once he invokes the statutory procedure."

Boarding House

Mr. Wilkins warned that "recent proposals to exclude 'Mrs. Murphy's boarding house' would make unnecessary compromises with principle. Once Congress recognizes that housing bias works a harm to the national interest that it has power to prevent, it should do the job that needs to be done."

The administrative procedures proposed for this Title, he pointed out, "should supplement, not replace, the present enforcement features of the bill."

another for Negroes than for white prisoners at Fort Madison. This has reduced the chances of Negroes being released on parole because they are not qualified for many of the job opportunities, he said.

Lacks Training

"The Negro is not adequately trained or does not have adequate skills to be placed in jobs," he said. "This is the information I have gotten from Russell Bobzin, director of the state parole board."

Family Finances

You can budget without being a
bookkeeper. All that is needed is a
little common sense and nine envelopes
(marked Food, Clothing,
Rent, Operating Expenses, Health,
Savings — Insurance, Educational
and Recreation, Church and/or
Charity, and Miscellaneous).

On payday put the amount you
think you need to cover each of
these expenses in the proper envelope.
Keep this up for several pay-
days, trying to use the money in
each envelope wisely.

At the end of a month or so, ex-
amine your "budget." You'll prob-
ably find that you have money left
over in some envelopes, while others
are empty.

This will tell you where you need
more or can get along with less or
where you need to spend more
wisely. Adjust the amounts you
need to place in each envelope ac-
cordingly.

Even if you pay by check, the
same system will work except that
you will have to do it on paper. *

HEALTH FOR ALL

HAVE A HAPPY!

New Year resolutions—are they
really made to be broken? Broken
or not, everybody seems to agree
that they're made to be talked about.
And right now, if ever, is the time!

Resolutions about health are rather
special: by and large they apply
to everybody. People can get along
without this or that, but nobody in
his right mind wants to try making
do without good health.

Resolutions

Here are some resolutions we all
know we should keep in 1966,
whether we actually "make" them
or not:

BASIC NUTRITION — Despite
food fads, the "fundamental four"
food groups are still essential to a
health-supporting diet. They are (1)
milk and milk products; (2) meat,
poultry, fish, eggs; (3) green vege-
tables, yellow vegetables, fruits (ac-
cent on the citrus); (4) cereals and
bread (whole grain is preferred).

Winter Ills

WINTER ILLS — With flu out-
breaks in mind (they're expected this
year), call the doctor if a cold or
cough is at all severe. Rest is im-
portant. Keep warm, drink plenty
of fluids, obey doctor's orders.

DRUG CAUTION — Avoid self-
medication; don't use leftover drugs
just because they're handy. Keep
drugs out of children's reach. Label
plainly all medicines, drugs, clean-
ing applications, exterminants.

Life-Savings

HIGHWAY SURVIVAL — Alliter-

ative life-saving litany: No driving
while drinking or drowsy! Obey traf-
fic signals and speed limits. Don't
argue with reckless drivers.

GENERAL HEALTH — An an-
nual medical checkup is important.
When having it, see that a tuberculin
test or a chest X-ray is included: TB
remains a serious problem. And by
the way, the Iowa Tuberculosis and
Health Association suggests that it
isn't too late to respond to your
Christmas Seal appeal.

ty Tuberculosis Association.

Handy Incinerator
FOR burning household rubbish, an incinerator built of concrete blocks on a concrete foundation is excellent. The base is 4 by 5 feet, and the concrete should be reinforced with chicken wire, according to Family Handyman.

Use standard size building blocks, setting the first course on a thin layer of mortar and leaving two 8"x8" spaces at the front to provide ample draft for complete incineration.

The cover is turkey wire, 1"x2" mesh, with welded joints so the wires won't separate due to the heat. Eye-bolts may be inserted in the joints between two of the top building blocks, if you want to hinge the mesh cover by looping down two pieces of the wire into the metal eyes.

Grambling College Gets U. S. Grant

Grambling, La. (Special) — Grambling College has received a grant of \$143,113 from the U. S. Office of Economic Opportunity, Washington, D. C., for Upward Bound, a program of community action designed to help youths from low income families develop positive attitudes towards learning during their formative years.

Dr. Richmond C. Davis, professor of education and director of the program, described Upward Bound as an all-year, pre-college preparatory project designed to generate the skills and motivation necessary for college success among young people from low-income backgrounds and inadequate secondary school preparation.

How Safe Is Safety? . . .

An old saying describes the home as "The place you slip in the bathtub and break your neck." Statistics on accidents in the United States claim one person is injured at home — every 7 seconds. These injuries are not as fatal or disabling as those derived elsewhere, but they are nonetheless most frequent. Twice as many people are injured at home than in automobiles. . . . Even occupational hazards fare better than the risk of staying home!

There are scores of rules designed to prevent accidents. But most important is the following thought:

Remember! To be safe is never to feel secure . . . accidents seem to thrive where there is indifference to danger.

Meanwhile for all your Medical-Supply needs it's a Safe Bet you can rely on WILLIAMS PHARMACY. Prescriptions are a specialty at WILLIAMS PHARMACY, 1103 University Ave., Phone 243-1253.

to the Director of the Office of Economic Opportunity, Washington, D. C., will deliver the combined Baccalaureate-Commencement address at Grambling College on May 29.

He is the former president of Virginia Union University, Richmond, and North Carolina A & T College, Greensboro.

Dr. Proctor left North Carolina A & T in 1963 when he was named associate director of the Peace Corps with responsibility for the divisions of Selection, Training and Overseas Support.

Here Is a Beautiful Bride's Cake Easy To Make with White Cake Mix

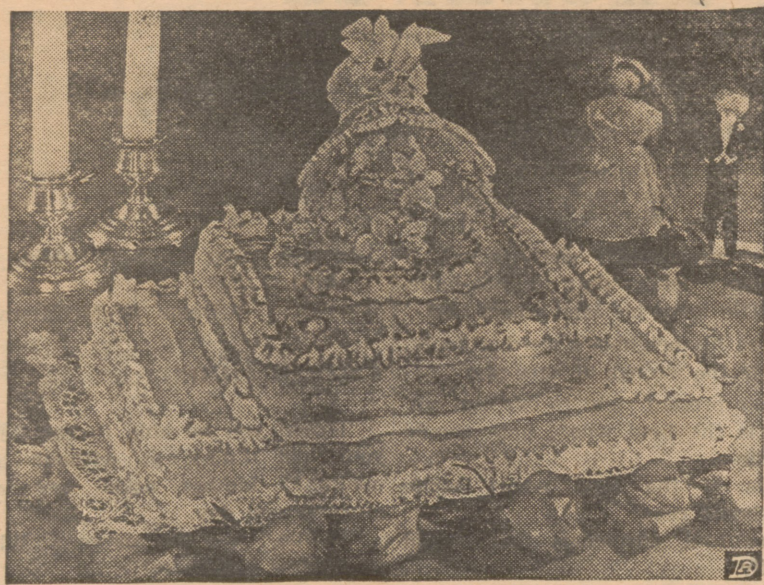

Photo courtesy Swans Down Instant Cake Mix

If there's going to be a wedding at your house or if you want to delight one of your friends who's going to be married, here's an idea: make a bride's cake of white cake mix.

It's a lovely cake, quick, easy and beautiful. And inexpensive, too. Just figure it out for yourself—three packages of Instant Cake Mix, three and a half cups of milk, and sugar and egg whites for frosting. It cuts into pieces enough for 25 or 30 people, downy light and delicious, a bride-cake masterpiece.

After you've frosted the cake smoothly, you can decorate it with flutings and curls put on with a pastry tube, and for extra trimming add a few little birds or flowers sold for cake decorating. Practice with the pastry tube by squirting a sample of your frosting on a piece of waxed paper. You can scrape up the practice frosting and put it back in the tube to use again, so no waste is involved in perfecting your technique.

WEDDING CAKE
(Two-tiered oblong cake for 25 to 30 people)
Preparations. Line 13x9x2-inch pan and 9x9x2-inch pan or bottoms with paper. Start oven for moderate heat (350°F.).
3 packages Swans Down Instant Cake Mix
3 1/2 cups milk
Combine contents of two packages Swans Down Instant Cake Mix in mixing bowl. Add 1 cup

milk. Blend, then beat 2 minutes. Add 1 1/4 cups milk. Blend, then beat 1 minute longer.
Pour batter into prepared 13x9x2-inch pan. Bake in moderate oven (350°F.) 55 minutes, or until done. Remove from oven and increase oven heat to 375°F. Cool cake in pan 10 minutes, then turn out on cake rack to finish cooling.

Place contents of third package of Swans Down Instant Cake Mix in mixing bowl. Add 1/2 cup milk. Blend, then beat 2 minutes. Add 1/2 cup milk. Blend, then beat 1 minute longer.

Pour batter into prepared 9x9x2-inch pan. Bake in moderate oven (375°F.) 30 minutes, or until done. Cool.
Frosting. Prepare seven-minute frosting, using 2 egg whites. Then place the large cake on an attractive oblong serving plate or tray. Spread top and sides of cake with frosting. Trim the 9x9x2-inch cake to measure 9x7x2-inches by cutting a 1-inch slice from opposite sides of the cake. Place on top of the frosted layer, centering evenly. Prepare another batch of seven-minute frosting and spread on top and sides of small cake, reserving some for decorating. With a knife, go over entire cake, making a smooth flat surface for decorating.
Decorating. Using a pastry bag or decorating tube, decorate frosted cake as desired with the reserved frosting. Place wedding bell or other suitable ornament in center of top layer, if desired.

We will begin this week by reminding you of two important items. First, Monday, May 30 is Memorial day and a legal holiday. Therefore next week will be a one-day deadline. If you have news early please call, mail or bring it in before or by Saturday. Please do not call us on Monday. We will not take news on that day. Tuesday noon will be the regular deadline. So to get your news in for next week's issue, please remember that.

Secondly, high school and college graduates are reminded that Saturday, May 28 is the deadline for bringing in your picture and writeup to go in the anniversary issue. They must be accompanied by a check or money order for \$2.00. We hope to have a bigger and better anniversary issue this year. You can help make it so.

Have you ever forgotten where you parked your car? On Thursday afternoon we have gone to Girl Scout meetings and usually got a ride with one of our assistants. Last Thursday we drove down to be there for a short while and when we left, we began walking with one of the assistants to her car. We almost got inside when suddenly we remembered that our car was parked on the other side of the building. You can imagine how sheepish we felt.

Last Saturday 19 members of Girl Scout Troop 362 spent an all-day campout at Greenwood park. They enjoyed a cookout, played games, toured the art center and ended with a ceremony which included a Scout's Own, Court of Awards and fly-up ceremony for six Cadettes.

Mothers assisting us were Mesdames Inez Hicks, Laura Carson, Virginia Bogue, Virginia Butorac and Gladys Johnson. Afterwards the troop disbanded until next fall.

To begin with the day was foggy, cold and damp but the sun shone through in late morning and it turned out to be a beautiful day.

HONOR THE DEAD ON
MEMORIAL DAY

When the originators of Memorial day were getting the observance started, they never dreamed that in this 20th century, America would be at war four additional times. They hit upon the idea that men who died in the Civil War should be remembered for their deeds of heroism and courage, hoping all along that this country should not be in the throes of suffering and bloodshed every generation or two.

Lincoln emphasized this when, in his Gettysburg address, he said that this nation should dedicate itself to the things for which these men died and that from these honored dead we take increased devotion to the cause for which they gave their last measure of devotion.

Our country is involved in the most far flung alliances for peace ever attempted and yet a look at what is going on over the world, makes one wonder if these alliances are wise. Certainly if we shall be called upon to defend each of our allies that may be attacked our strength would be dissipated before too long.

The situation reminds one of those people who tell Negroes that the race problem will be solved by education. It takes more if we are to enjoy it during the century. Nations have tried for centuries to settle their differences by peaceful negotiations. There has been some success. But the battlefield remains the peace maker in the final analysis.

Of course, men must never stop trying. We must realize that failure at the peace table means more men whose lives have been cut short by war and more resolves that they should not have died in vain.

NO ONE THING

CAN SOLVE OUR PROBLEMS

People with a following too often attempt to give advice which they are incapable of doing.

Stokely Carmichael, new chairman of the Student Non-Violent Coordinating Committee, says "We feel that integration is irrelevant. We have got to go after political power."

He said Negroes must organize their own political parties.

Carmichael was born in Trinidad, West Indies. He came to the U.S. in 1952 and graduated from Howard University, Washington, D.C. in 1964.

A young man with his limited experience and training is not in a position to tell Negroes the best course to follow. In fact, the formation of separate political parties would get the masses nowhere but would provide a source of bickering by the leaders of their group for recognition from the regular parties.

There is no one thing Negroes should follow to make progress.

Carmichael would be of great service if he used his talents to engender responsibility among young people and teach them that they can make progress exercising their citizenship and civil rights in a more orderly fashion.

PRESUMING NEIGHBORS

WILL VIOLATE THE LAW

Those people who oppose the fair housing measure because some of their neighbors might be sent to jail for violating it forget that they can stay out of jail by obeying such a law.

The Des Moines City Council passed the first reading of an amendment strengthening the law by excepting only duplexes from the operation of the law.

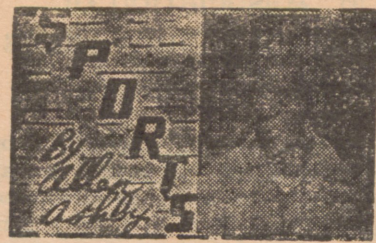

The Polk County Republican convention endorsed a resolution calling for a fair housing bill.

And those people who are so apprehensive about the fair housing will be surprised that it is not as bad as they think.

USS Carver Ends
Sub Sea Trials

The Navy has just successfully completed the first sea trials of the 37th Polaris nuclear submarine. The USS GEORGE WASHINGTON CARVER was built by the Newport News Shipbuilding and Dry Dock Company, Newport News, Virginia. There are in operation 22 attack type nuclear submarines, making a total of 59.

The ship is named for George W. Carver, a botanist and chemurgist renowned in the annals of American scientific agriculture. The child of slaves, he did not know the day of his birth. Even the year is not certain, but he thought it was 1860. Where he was born, however, is not in doubt. In 1943, shortly after he died at Tuskegee Institute, Ala. both houses of Congress passed, without a dissenting vote, a bill authorizing erection of a national monument at his birthplace in Diamond Grove, Missouri. In fourscore years, George W. Carver had come a long way and accomplished a great deal.

Plan Special Trains
To SUI Football Games

For the first time in many years, special Rock Island Lines football trains will run from Des Moines to every 1966 University of Iowa home game in Iowa City. DePorter-Butterworth Tours has guaranteed the operation of all the trains. In the past they were operated by the railroad only when sufficient advance sales indicated the operating expenses would be met or when an organization would charter a train for a specific game.

Last year, the Moline, Ill. travel agency, operated special trains to Iowa City from Moline, Rock Island, and Davenport. William Butterworth, agency vice-president, says that although two of the Quad-Cities trains fell short of the operating minimum, the overall season was a success.

Clinic Dates Set
For Soap Box Derby

Charles Olmsted, Jaycee Chairman of the 1966 Greater Des Moines Soap Box Derby, announced the following dates for the workshop clinics to be held at 10:00 a.m. in the Hobby Room at the YMCA. Saturdays, May 28, June 11, June 18, and June 25.

Olmsted also announced that registration is ahead of previous years, with over 70 entries to date; but it was felt that many boys who plan to enter this year have not registered. He urged that all boys from ages 11-15 take their parents to their local Chevrolet dealer to be registered in time to attend all the clinics. Even those boys who have raced in previous years and who plan to use last years racer and assembly kits must also register.

Get Rolling — Register Now!

In my case. If they feel the double tax is unjust, they can vote for me with the certain knowledge that, if nominated and elected, I will act to repeal the tax law and refund each taxpayer what this year was unjustly collected."

MEMORIAL DAY

Is it enough to think today?
Of all our brave, then put away
The thought until a year has sped?
Is this full honor for our dead?
Is it enough to sing a song
And deck a grave; and all year long
Forget the brave who died that we
Might keep our great land proud and free?

Full service needs a greater toll—
That we who live give heart and soul
To keep the land they died to save.
And be ourselves, in turn, the brave!
—Annett Wynne, in Morrison's
Masterpieces of Religious Verse.

The Land Where Hate Should Die
This is the land where hate should die—

No feuds of faith, no spleen of race,
No darkly brooding fear should try
Beneath our flag to find a place.
Lo! every people here has sent
Its sons to answer freedom's call;
Their life blood is the strong cement
That builds and binds the nation's wall.

This is the land where hate should die—
Though dear to my faith and shrine,

I serve my country well when I
Respect beliefs that are not mine.
He little loves his land who'd cast
Upon his neighbor's word a doubt,
Or cite the wrongs of ages past
From present right to bar him out.
This is the land where hate should die—
This is the land where strife should cease,
Where foul, suspicious fear should fly
Before our flag of light and peace.
Then let us purge from poisoned thought
That service to the State we give,
And so be worthy as we ought

Of this great Land in which we live!
—Denis A. McCarthy

Laugh Lines

"Would you be able to eat Pepe, your pet turkey, without any qualms?" Mother asked her sons gingerly one day.
"Dunno," was the answer. "What do qualms taste like?"

A little girl received a phone call from a schoolmate. "Call me back in ten minutes," she requested; "I'm in the middle of a tantrum."
