Cicero Marchers Return Bottles, Rocks, Insults

Clash on Viaduct; 30 Persons Are Arrested

Cicero—A rock and bottle throwing battle between 205 "black power" marchers and a mob of hecklers violently ended the Sunday, Sept. 4, demonstration for open occupancy.

National guardsmen and police from Cicero, Chicago and the sheriff's force broke up the melee after marchers and hecklers clashed at the Belt Line railway viaduct on 16th street at the Cicero-Chicago boundary. The marchers, singing "freedom" songs and chanting "black power," were surrounded by police and national guardsmen.

The violence at the border capped a two-hour march in which demonstrators were pelted with rocks, bottles, and firecrackers.

First

It also marked the first time that civil rights demonstrators have retaliated violently against physical and vocal abuse directed at them by hecklers.

Eight persons were injured during the march, including three deputy sheriffs, a Cicero policeman, a marcher and three Cicero residents. Thirty-eight persons were arrested.

March Calm

Robert Lucas, head of the Chicago chapter of Congress of Racial Equality (CORE), had sponsored the march, although the Rev. Martin Luther King, Jr. had delayed a scheduled march into Cicero, after reaching an open housing agreement with Chicago governmental, civic and housing leaders.

The first portion of the march was calm as the demonstrators, 90 percent of them Negro, stepped off from their assembly point at Chicago at 2 p.m. and moved into Cicero at the Belt Line viaduct 18 minutes later.

Guardsmen

After fifty sheriff's police and fifty Cicero policemen escorted the marchers to 16th street and Cicero avenue in the suburb, they were met by 10 truckloads of national guardsmen and turned south in Cicero avenue.

A crowd of 200 hecklers followed the march, jeering and booing, but there was no fighting until the demonstrators reached the edge of Cicero.

Waterloo Man Drowns in Bath Tub

Waterloo — William (Ducky) Harris, about 65, of 414 Florence street, was accidentally drowned in the bathtub at his apartment when he apparently fell and hit his head on a faucet, Dr. Eugene Smith, deputy county medical examiner, ruled Saturday, Sept. 3.

The body of Mr. Harris was found in the bathtub about 3:30 p.m. Saturday by the landlord when he came to collect the rent, Dr. Smith reported. The landlord called police.

Dr. Smith said he believed Harris had been dead for about 24 hours before his body was discovered.

One of Harris' house slippers was found in the lavatory and he had the other one on, which lead the deputy medical examiner to believe Harris had apparently drowned water for a bath and then in an effort to reach something in a medicine cabinet on the side of the bathtub had balanced with one foot on the lavatory and the other on edge of the bathtub. The death was ruled accidental.

Funeral arrangements are pending at the Johnson funeral home.

LDF Lawyers Beat Ark. "Death" Line

Washington, D.C.—A team of five NAACP Legal Defense Fund attorneys feverishly worked against a 38-hour deadline last week in a race to have William L. Maxwell, confined to death row, Arkansas State Penitentiary in Tucker, Ark., for the November, 1961 rape of a white woman. Maxwell was slated to die by electrocution on Friday, Sept. 2.

Associate Justice Byron R. White of the U.S. Supreme Court signed a stay of execution, Thursday, Sept. 1, pending filing of additional papers by Legal Defense Fund attorneys.

The application for a stay had to show the high court a complex array of facts in concise form; it had to clearly indicate that the matter fell within the jurisdiction of the Supreme Court; and it had to show that the issues raised, presented substantial federal questions.

Chicago, Ill. Ill. — The ever growing list of prominent ministers leaving pulpits and in many instances leaving the Big 3 Negro Methodist churches (A.M.E., A.M.E. Zion and C.M.E.) continues to mount with the announcement recently that Rev. Emory G. Davis, 46, pastor of Bethel African Methodist Episcopal church, Evanston, Ill., has resigned his pulpit. The Rev. Mr. Davis told the press that he will leave the A.M.E. church and the ministry in September to work full time in the field of human relations.

Louisville — An Attorney for heavyweight boxing champion Cassius Clay, Tuesday, Aug. 30 requested his local draft board to reopen Clay's case and defer him on the grounds that he is a Black Muslim minister. Hayden Covington of New York asked that Clay be reclassified from his present 1-A status to 4-D giving him a ministerial deferment.

Tallahassee, Fla. — Mrs. Thelma Thurston Gorham, associate professor of journalism, Florida A&M University, has been elected vice-president, Tallahassee Human Relations council. The motorist was enroute to county general hospital with his pregnant wife, Barbara, in the mistaken belief she was in labor.

Franklin Loses, Johnson Wins in Polk Races for House of Representative

Tuesday's primary election ended with Republican William G. Murray of Ames in a slim lead over Robert K. Beck. Murray will be the unofficial contender against Governor Harold Hughes.

Murray, an Iowa State University professor, had less than 50.3 percent of the almost complete unofficial vote and Beck had more than 49.7 percent.

A check of election records back to 1920 showed no other primary race for governor of Iowa ever has been decided by so small a margin.

Winners for the Senate were Democrat E. B. Smith and Republican Jack Miller.

Mrs. Charlotte West held a slim margin over Mrs. A. June Franklin, 1124 14th place, the only Negro on the county Democratic ticket. Mrs. Franklin ran well in most of the Negro areas, but failed to keep up in other areas. However, she lost out in the nomination, falling behind by only 49 votes from the 11th spot.

Mrs. Franklin has worked several years in the Democratic party in Polk County, and is a charter member of the Polk County Democratic Women and a member of the John Fitzgerald Kennedy Club.

Waterloo Rights Director Unable to Find Home

Commission on Human Rights, who was hired to help solve problems of racial discrimination here, apparently has encountered discrimination in finding a place to live, it was learned Thursday, Sept. 1.

The commission has been unable to find adequate housing for Ronald James 29, a Negro attorney who is the commission's first director, it was disclosed at the commission's first meeting with James.

The Rev. Mr. I. V. Tolbert said H. A. McGrane, Waterloo realtor and city councilman, also had looked without success for a place for James.

Guarded Statements

After the meeting, McGrane said that "I feel that a Negro has to prove that he is worthy of living in a white neighborhood."

Members of the commission were guarded in their statements about whether racial discrimination was responsible for the apparent lack of housing for James.

James' wife and three-year-old son are still in Washington, D.C. where James was an attorney with the Civil Rights Commission. James will be paid \$8,500 a year.

A check of two days' editions of the Waterloo Courier showed a number of apartments and houses advertised for which fitted James' specifications.

King Forces to Picket Saks in Chicago

Dr. Martin Luther King, Jr., said Thursday, Sept. 1, his forces would support a strike by 130 workers at Saks Fifth Avenue, a fashionable Chicago clothing store. He said he had the support of employees of the Saks store and Gimbel's department store in New York.

If a settlement is not reached within 10 days of a strike, he said, "Saks may find 1,000 to 2,000 Negroes trying on clothes all day long."

Saks, which challenged legality of joint representation by the Retail, Wholesale and Department Store Union and the International Ladies' Garment Workers' Union, was ordered by the National Labor Relations Board last week to bargain with the two unions.

Although there is no racial issue, a substantial portion of the workers involved are Negroes.

Racial discrimination in housing has been an especially sore point with Waterloo Negroes. At its Thursday meeting, the commission approved plans for James to study the housing problems of Negroes and make recommendations to relieve them.

Mrs. Estes to White House, Attends Son's Reception

Mrs. Ruth Estes, 2502 Woodland avenue, received a personal invitation from President Johnson to attend a reception at the White House Wednesday night.

The reception was in honor of her son, Simon Estes, who placed third in the Tchaikovsky International Vocal Contest in Moscow, Russia, last June and for four other U.S. winners in the contest.

Mrs. Estes left by plane early yesterday morning and that also

marked another first in her life. Estes, 28-year-old bassist is one of five contest winners who will perform at the reception, also to be attended by 250 leading musicians and vocalists.

Among those performing will be Miss Tyler, second place winner, who appeared in Des Moines at a Willie House reception recently.

Mrs. Estes said of the trip, "I feel so excited about the plane ride and meeting the president."

Humphrey Declares Rights In Labor Day Message

Washington, D.C.—Vice President Hubert H. Humphrey in his Labor Day Message warned against any limitation of rights by race or sect.

This has been a good year for American trade unionism and for all America. Organized labor has—deservedly—won great battles—not just for itself, but for all our people, for the cause of a healthier, happier, more just America.

Additional battles are ahead—against the forces of reaction and for further economic and social justice, against slums and for decent housing against insecurity and for adequate living standards.

Just as labor won over the sweatshops of the past, so it shall succeed against sub-standard conditions which have no place in modern America.

The evil of discrimination — in any form — must be combatted — whether it is directed against a man's color or religion or ancestry or because of his age. Extremists

Hold Up Dahl's Supermarket Take Half Day Receipts

Two men armed with pistols held up Dahl's Food Mart at E. 13th street and Euclid avenue about 10:30 Saturday night, Sept. 3 escaping with the entire contents of the store safe and postal money orders.

Kenneth Klein of 1023 64th street, manager of the store, could give no estimate of the loss, and said the robbery occurred this way:

After gaining entrance to the store, which closed at 10 p.m. two men used Richard Arland, a store employee, as a decoy.

600 Observe Anniversary of Bomb Attack in Natchez

Natchez, Miss.—Still limping from a bomb attack on his life just a year ago Saturday, Aug. 27, George Metcalfe, president of the Natchez NAACP Branch, led a march of 600 Negroes from the site of the attack to the courthouse to remind the city of the event.

On the day of the attempted assassination, Mr. Metcalfe had left his job at the Armstrong Tire and Rubber Company and seated himself in his car to go home. As he turned on the ignition, a bomb, attached to the wiring, exploded.

Rocked City

Immediately, NAACP Mississippi State Field Director Charles Evers came to Natchez and began a campaign that rocked this river city for months. Daily marches, demonstrations, and repeated protests to city officials concerning various forms of discrimination took place.

Wilkins Backs Council Protesting Policy

New York — Roy Wilkins, Executive Director of the NAACP, wired the president of the Fraternal Order of Eagles that he is willing to meet with him to "discuss the Association's national policy" which is the basis for current protests by the Milwaukee NAACP Youth Council against the order's "whites-only" policy.

Eagles

For the past two weeks, the Milwaukee NAACP group has led marches and demonstrations in Milwaukee, Wis., a suburb of Milwaukee, at the home of Circuit Judge Robert C. Cannon who is a member of the Eagles. The civil rights workers are demanding that he leave the Eagles or resign his judgeship. The reaction from hostile whites

Mr. Evers initiated the most successful selective buying campaign conducted in the South, which severely limited the income of downtown white merchants.

Months

After months of negotiations and demonstrations, during which the National Guard was called to keep the peace, Mr. Evers and city officials reached an agreement on desegregation of all city facilities, courteous treatment of Negroes by city officials and other desegregation issues.

Positive Result

Another positive result of the protests is that now, just one year later, Mr. Metcalfe's dream of desegregation of schools will become a reality under a Federal court order. The attempt on his life occurred just a few days after he had presented a petition to city leaders requesting desegregation of the schools.

has been such that Governor Warren P. Knowles has called out the National Guard to forestall violence.

Discriminatory

Mr. Wilkins also said in his Saturday, Sept. 3, telegram to Eagle President D.D. Billings in Pittsburgh, Pa., "The discriminatory and exclusionist policy of the Eagles and similar organizations has long been a concern of ours, particularly when such organizations make available to the non-Negro public their recreational and other facilities and refuse these facilities as well as membership to the Negro public. The NAACP's contention — that although clubs such as the Eagles are legally private, they are often informal centers of influence on public policy — has received wide support among Milwaukee civic groups, including the Anti-Defamation League of B'nai B'rith and local clergymen.

HEALTH FOR ALL

BREATHING CAN HAVE ITS PROBLEMS, TOO

It seems like only yesterday when RD, or Respiratory Disease, was one of the least known types of disorder affecting human health. How dramatically this picture has changed is shown by a recent report from the Public Health Service in Washington. The PHS has responded to a wide upsurge of interest in RD by establishing a special Chronic Respiratory Diseases Branch.

Reasons

There are solid reasons behind this, and they become glaringly visible if we look at current statistics showing the extent and continuing spread of respiratory disease during the last few years.

Figures reported by the National Health Survey, for example, show that about 14 million Americans now have asthma or hay fever, or both. The exact number of sufferers from emphysema is unknown, but new cases more than doubled between 1961 and 1965. The new case

rate of chronic bronchitis shot up by 80 per cent in the same period, bringing the total to more than three million.

Breakdown

Emphysema is characterized by a breakdown of the tiny air sacs of the lungs, which can make breathing a painful struggle. Chronic bronchitis, an inflammation of the lining of the bronchial tubes, caused 3,655 deaths in 1964—an increase of 90 per cent in five years.

The U.S. Public Health Service is joining forces with the National Tuberculosis Association in a joint "task force" to plan a wide campaign against respiratory disease. The nub of the problem is expressed in the NTA's slogan: "Cough too much? Short of breath? You may have a respiratory disease. See your doctor now." More detailed information is available in a number of leaflets on various phases of respiratory disease, offered free by your Christmas Seal organization.

Integrated Floats At Miss America

Atlantic City, N.J.—The Atlantic City Branch and New Jersey State Conference of the NAACP are making considerable headway in their campaign to have integrated floats in the Miss America 1966 Pageant, scheduled for Sept. 10.

Three of the resort city's leading hotels, the Marlborough-Blenheim, Claridge, and Haddon Hall have pledged themselves to have Negroes on their floats, as have New Jersey Bell Telephone Co., South Jersey Gas Co., and the Atlantic City Electric Co.

Telegrams have been sent to key NAACP branches urging them to contact float sponsors in their cities to demand integrated participation.

In the wire, Gloster B. Current, NAACP Director of Branches and Field Administration, indicated that the hate gesture might have been related to the NAACP's vigorous protest against slumlords and housing discrimination, and caused by reactionary elements.

Urge Council to Check 'Aspersions' on Police

The Des Moines branch of the National Association for the Advancement of Colored People, urged the Des Moines City Council last Thursday to take steps to prevent "the recurrence of any matters casting reflection on the Police Department of our city."

The plea was made in a statement issued by branch president, Robert A. Wright.

Complain to Chief

Mayor George C. Whitmer said Thursday that to his knowledge complaints of police brutality have never been made to the council.

"Everything has been directed right to the chief of police," said Whitmer, "and I'm sure they have been investigated."

"Insensitivity" Seen

Wright said in his statement that there "still persists an area of insensitivity to the complaints of minority group persons by members of the Police Department."

He said the police have cooperated with the NAACP, but there "still exist areas in which considerable improvement must be made before a better relationship can exist between police and minority group persons in the community."

Cicero

cherry bombs rained on the marchers, who picked up missiles and hurled them at the hecklers. Two hundred blue-helmeted, club-swinging Chicago police raced between the two groups and threw a protective cordon around the marchers, herding them over the boundary into Chicago.

Some bottles were thrown as the demonstrators held a prayer vigil at 25th street and Laramie avenue in memory of Jerome Huey, a 17-year-old Chicago Negro who was fatally beaten by four white youths in Cicero last May. One Negro marcher was taken from the scene after he was struck on the head by a rock.

the head so that he was bleeding profusely. Arland was then forced to bang on the store door while the men hid around a corner.

Klein said he saw Arland and when he opened the door, the men darted in, waving snub-nosed revolvers.

Cleaned Out

Ordering the nine employees in the store to lie down on the floor, one of them took Klein to the safe and had him open it.

Klein said, "They used one of our money sacks to clean out the safe of cash and postal money orders."

Federal Offense

The theft of the money orders makes the robbery a federal crime. The robbers took the employees to the back of the store and told them to lie down. They lay there for five minutes while the men made their escape in Arland's automobile, Klein said.

The car was later found by police abandoned about four blocks away.

Negro

The men were identified as Negro, between 35 and 40 years of age. One wore khaki clothes.

"We won't hazard a guess," Klein said when asked what the loss might be, although he said it was over a half-day's receipts.

Arland was taken to Mercy Hospital and treated for a scalp laceration and released.

Mr. and Mrs. Carl Jacob, of 1171 12th street, returned home Sunday, Aug. 28 with their children, Carla, Pat, Carl and Winston and Mrs. Jacob's sister, Rosalind Miller. Aug. 14 they boarded their camper and like vagabonds took off for a two week tour of the Northwest.

First stop was in Omaha, Nebr. to visit Mr. Jacob's mother and two sisters.

On to Sioux Falls, S. D., they stayed in the Crain Motel and Camp-Court. From there, the Jacobs headed for the Dakota Badlands, where outlaws once roamed about the picturesque rocks and fossils.

In Rapid City, S. D., the Gateway to the Blackhills, the "vagabonds" visited the Marine Land, Reptile Gardens and old Keystone Village.

Mt. Rushmore National Memorial was another tourist attraction for them.

The Jacobs viewed Custer Park Zoo, with its samples of wildlife and in Custer, S.D., the children had an exciting tour of Bedrock.

In Wyoming, the Jacobs stayed for a day at the Buffalo Bill Village in Cody, Wyo., where things were much the same as in Buffalo Bill's day.

Next day, the family toured the statue of Buffalo Bill, his Museum and the Dam named in his honor.

From there the campers drove to Yellowstone National Park, where they saw the mud volcanoes, hot springs, valleys, clear, cool lakes and waterfalls.

Another camper, a bear, chased them from their picnic lunch to the safety of their own vehicle.

The Grand Tetons grabbed the Jacobs' attention and Teton Forest was a fascination as the Iowans made their way back to a stop in cities, and to visit.

The trip ended with a stop in Omaha, Nebr., to buy school necessities, and to visit.

Hot Off The Griddle--
Pimiento Crab
Roll-Ups

Cornmeal pancakes are new hot off the griddle when they get an inside scoop of delicate crab meat and bright red pimiento. Easy as 1-2-3, pimiento crab roll-ups deserve front page space in your favorite cook book.

Cornmeal Pancakes
1 cup cornmeal
1 cup flour
1 tablespoon baking powder
1 tablespoon sugar
1 1/2 teaspoons salt
2 cups milk
1 or 2 eggs
4 tablespoons melted margarine
1/4 to 1/2 cup canned pimientos, chopped
Sift together the first 5 ingredients. Combine the remaining ones, and mix all ingredients together lightly. Drop the batter on the griddle by 1/4 cupfuls.

Pimiento Crab Filling
3 tablespoons butter, melted
3 tablespoons flour
1 cup milk
1 cup crab meat
1 can or jar (4 oz.) whole pimientos, chopped
1/4 teaspoon oregano
1/2 teaspoon salt
1 teaspoon prepared mustard
Make a sauce of the butter, flour and milk. When it is medium thick, mix in the remaining ingredients. Drop about 2 tablespoons of the pimiento crab mixture down the center of each pancake, roll up, and fasten the edges with a toothpick. Reheat, if necessary, in a 350° oven for about 5 minutes. Makes 6 servings of 2 pancakes each.

Goldenrod—

Nothing To Sneeze At!

HAY FEVER—an ordeal suffered seasonally by millions of people who are allergic to certain pollens—is a topic creating much comment and controversy.

The term "HAY-FEVER" is incorrect. It is not caused by hay and it does not cause fever . . . Ragweed and other wind-pollinated plants are believed to be the irritants.

It was known for years as "Goldenrod-fever" . . . This too was a misnomer, since the pollen of the goldenrod is too heavy and sticky to be carried by the winds. In fact, the states of Alabama, Kentucky, and Nebraska adopted the goldenrod as their State flower—perhaps in its defense.

Unhappy sufferers can find relief in modern drugs . . . it is wise to consult a doctor for treatment, since HAY-FEVER can develop into serious asthmatic conditions.

For all present-day Patent and Prescription Medicines remember WILLIAMS PRESCRIPTION PHARMACY, 1103 University Avenue, PHONE: 243-1253.

What is electricity? AN EXTRA HELPER (OR TWO)

Electricity is the free time that a dishwasher gives you away from the kitchen. (And it can attract "volunteer" help, besides.) Electricity is the fun of a movie projector, the many stitches of a sewing machine. Electricity is probably 30 to 40 household servants right in your own home . . . five or six times as many as you had just a generation ago. With electricity doing so much for you, it stands to reason that your bill is higher today. But the actual cost of a kilowatt-hour of electricity is a full 30% lower than it was a generation ago.

Yes, electricity is many everyday wonders. At today's low rates, it's your biggest household bargain. Faithfully yours, from

Jo Esther Rumley Is Radiant Bride Of Cpl. John Bryson in Aug. 20 Ceremonies

CPL. AND MRS. JOHN BRYSON

Pershing, Ia. — Miss Jo Esther Dale Rumley, of Pershing, Ia. became the bride of Cpl. John A. Bryson, of Camp Le Jeune, N.C., in a beautiful double ring ceremony at the St. Peter's Catholic Church. The ceremony, which took place at 11 A.M., Saturday, Aug. 20 in Lovilla, Ia. was performed by Father Martin. She was given away by her father.

The bride is the daughter of Mr. and Mrs. Raymond M. Rumley, of Pershing, Ia., and the groom is Mr. and Mrs. Angelo Sophenos's son, of New York, N.Y.

Bridal Gown

The bride was attired in a floor-length gown of lace and banizins, and her bodice, made of rosepoint lace, had long tapered sleeves. Attached to the shoulders were white bows, and the skirt was trimmed with rosepoint lace.

The new Mrs. Bryson wore a shoulder-length circular veil of silk illusion, caught on a tiara and accented with pastel blue sequins. She wore a gift from the bridegroom, a pearl necklace, and carried a floral bouquet of blue-centred white gladiolias.

Attendants

Bridal attendants were: Matron of Honor — Mrs. Cheryl Hayes of Lovilla, cousin of the bride; bridesmaids — Misses Victoria Rumley and Evelyn Rumley, of Pershing, Ia.; Darlene Thomas, of East Moline, Ill.; and Regina Bryson, from Lovilla; flower girls were Marchita Parker, Michaela Bruce, nieces of the bride.

Best man was Anthony Chip Capoloo, of Albia; and groomsmen were Robert Washington, Knoxville, Ia.; Michael Bruce, Pershing, William Thomas, East Moline, Ill.; and Robert Cooley. Ringbearer was Larry Dean Parker, nephew of the bride.

Attendant Attire

Each bridesmaid wore an Empire waist dress with a scooped neckline. The dress had a bouffant skirt of acetate and satin marine blue. It was accented with white pearls and net gloves. The Slippers were blue, and the face veil was of a blue nylon net. Mrs. Roy Rumley and Mrs. Marjorie Parker made and designed the dresses.

Flower Girl

The flower girls wore long white nylon empire waisted dresses, embroidered and ribboned with white satin, and each carried white baskets of blue flowers. Wanita Parker, another niece, wore the same as the flower girls. Their dresses were also made by Marjorie Parker.

The mother of the bride, triumphant in an emerald green and blue three piece brocade suit dress, topped off the outfit with a green hat. All accessories and shoes were silver.

Mrs. Charty Bryson, of Lovilla, the bridegroom's grandmother, selected a soft blue walking suit, accompanied by beige accessories and shoes. Both mother and grandmother were pinned with blue and white Carnations, gifts of the bridegroom.

Ring

The ring lay on a white satin brocade pillow, carried by the bride's nephew.

Before the ceremony the ushers rolled out the white carpet near the

altar, which was decorated with bouquets of white gladiolias and blue tinted white spider mums. The candles and pews were festooned with blue and white bows.

Mrs. Joseph Rumley sang "Ava Maria", and Miss Elinore Safronci was organist.

Reception

Immediately following the nuptials, a reception took place at Parish Hall. It, too, was decorated with blue and white.

"T" shaped, the serving table was covered in a floor length ruffled nylon not tablecloth. In its center sat the blue and white wedding cake, splendidly baked and served by Mrs. John C. Turner of Attica, Ia.

Hostesses

Hostesses were Mrs. Dorothy Dooley, of Des Moines, guest book; The Rosary Ladies—and Miss Beverly Winfrey, serving and pouring punch; Mrs. Marjorie Parker—gift table, assisted by Ethelbert Colton, Kathleen Rumley and Patty Washington.

Color scheme of the reception was blue and white. The five tiered, white, frosted, wedding cake was beautifully decorated with blue and white sugar bells, small and large. At the top stood a large wedding bell with the groom and bride figures inside. The groom figure was decorated to simulate a Marine in dress uniform, and the bride figure was in a lace gown. Beside the figures were in each bell. The base of the cake was surrounded by blue bells. The cake was baked and decorated by Mrs. John Turner.

A blue cloth covered the table which was skirted in white nylon net. An Open Bible made of white sugar was placed nearby. Inscribed in frosting on one page was "I, John, Bryson, take thee, Joyce to be my wedded wife," and on the other page was the same inscription for the bride.

Education

The bride is a graduate of Twin Cedar Bussey, Ia., and was employed at the Collins Memorial Hospital at Knoxville as a nurse's aid. Cpl. Bryson, a graduate of Albia High School, has been in the U. S. Marine Corps for two years.

Out of Town Guests

Out-of-town guests were Mrs. Benny Burnside and children, from Minneapolis, Minn.; Mr. and Mrs. Charles Curry and Miss Kathleen Rumley and family, both from Waterloo, Mr. and Mrs. Joseph Rumley, Imogene Bryson, Sharon Curdids, Mrs. Dorothy Dooley and family, Richard and Billy Rumley and Mr. and Mrs. Junior Eubank all from Des Moines.

From Ottumwa came Roy Winston, Herbert Bryson and Mr. and Mrs. R. Junkin, Oskaloosa; Mrs. Leo Broerman, Mrs. N. D. Lamberson and Mrs. R. L. Robinson, Centerville; Mrs. Marjorie Ousley and family, Moline; Mr. and Mrs. William Thomas, Albia; Mrs. Lavenia Grayson and Mrs. Grayson. Guests from Colorado were Sid H. Williams and Elsie King.

M/Sgt. Otis Banks, Jr., their two sons, Cecil and Joseph and daughter, June Marie arrived in Des Moines on Aug. 22 after having spent the last three years in Japan where M/Sgt. Banks was assigned with the Adjutant General United States Army in Japan.

While here, they are staying with Mrs. Banks' parents, Mr. and Mrs. Sid Watkins, 1404 E. 17th court. On Wednesday, they were feted with a sumptuous dinner by Mr. and Mrs. Ernest Watkins and daughters and Mr. and Mrs. Loren Deering at the home of Mr. Watkins, 3113 Amherst, the brother of Mrs. Banks. Mrs. Deering is Mrs. Banks' sister.

Sharing the courtesies were Mr. and Mrs. D. J. Deering, Mr. and Mrs. Loren Deering, Jr., Mrs. Loreta Deering and daughter, Diana, Mr. and Mrs. Leonard Stovall and family, Mr. and Mrs. Francis Jackson and sons, and daughters, Mrs.

With this column we sing our swan song with the Bystander where we have spent the past nine years as news-editor and reporter. It has been a good tenure on our side, and we hope that we have created a reciprocal feeling. And to answer hundreds of questions, like Where are you going?—We reiterate, we are not going anywhere. Just taking some time for much needed rest and a more quiet routine and to give our fast growing-up family all our attention for a change. So we will be seeing you all around.

We would like to express here our gratitude for your kind expressions of regret at our leaving, which always accompany anyone when they leave after some time in a position. But we would like to say that our successor will just as readily win your hearts and respect as well as do a good job as news editor-reporter. (See story elsewhere).

For us it turned out to be quite a weekend. Marjorie Parker of Pershing, Ia., whose daughter's wedding story appears in this issue, and her sister, Mrs. Kathleen Rumley of Waterloo, Ia., were in town visiting and dropped by to meet us and make arrangements for the wedding picture to be published. Before that a former friend, Mrs. Betty Martin and daughter, Gail Austin, of Mt. Pleasant, Ia., stopped by to renew old acquaintances. We formerly were in charge of a Brownie Girl Scout group here.

Her daughter, who is in 6th grade at Mt. Pleasant school is still active in Girl Scouts, having earned 14 badges. She enjoyed two weeks at Camp L-Kee-Ta between Danfield and Burlington, this summer. She was also lucky enough to win a brand new bicycle in a contest sponsored by the Chamber of Commerce. While attending the Henry County Fair she won \$5 by picking the name of the winning horse in one of the races.

Mrs. Martin and husband, both are employed at Emerson Electric and Space Company.

The laugh is really on a neighbor of ours. Mrs. Holt Mitchell, Jr., (a transplanted Kentuckian), and three sons of 1302 10th street, went to California for a month's vacation.

She left California rushing to get home before school started arriving here Sunday. She and sons met with questions, "Why didn't your kids go to school last week?" She had completely forgotten that school begins

here a week before Labor Day.

When we wrote our story about Mrs. Sadye Taylor of 1131 9th street, winning the wig, we kind of got her into hot soup with her two youngest children. We arrived in a rush at her home to pick up the picture and jot down a few tidbits of information about her family and then left in a hurried fashion. When the children learned from a neighboring Bystander subscriber that they had been omitted from the newspaper account, they started in on their mother saying, "When people ask if you are our mother, we will tell them 'no.'"

We promised that we would rectify the situation. Mrs. Taylor's youngest children are Stanley, 13, and Victoria, 10. She is the only girl in a clan of five. Our apologies to the youngsters.

We very very pleased to see the writup and picture in Elizabeth Clarkson Zwart's column in the daily paper last week about Singer Walter Henderson. It seems that young Henderson, who has been acclaimed all over Iowa as a singing sensation will be given a taped audition by Lawrence Welk who appeared at the Iowa State Fair this year. We are very proud that he is getting such an opportunity which proves again that if you are prepared, you never know what opportunity may knock at your door or open the door to a brighter future.

Back to our leaving: We are glad to inform you that Mrs. John E. (Marri) Johnson, 2407 Garfield avenue, whom most of you know, will be taking over the weekly column in this paper. So you will still have an opportunity to read those personal tidbits that you like so well. Mrs. Johnson is receptionist at Veterans Hospital. Last week she took her son, John, Jr., to Mason City, where he will enroll in the Junior college. Her column will be called "Lines . . . by Marie Johnson."

And so we come to the end of a brief era. We don't say goodbye, just so long. It sounds better that way. May God go with all of you all your days.

MEN ARE RESPONSIBLE
FOR THEIR ACTS

Youngsters in Milwaukee have been picketing public officials who belong to organizations from which they are excluded. While it is the right of anyone to belong to the organization of his choice, naturally he takes the consequences if any attitude it takes and that includes membership.

Years ago, most white people belonged to some organizations from which Negroes were excluded. It was true of the Masonic Lodge, the Elks, country clubs, chambers of commerce, college fraternities and many others.

Changes in the status of and attitudes towards Negroes have changed much of this. Glaring examples of this is the admission to exclusive clubs and events in Washington, of such men as Drs. Ralph Bunch, Weaver and Carl Rowan.

People are placed in public positions by vote of all the people should not participate in programs which exclude their constituents. Some people are joiners and give little attention to the principles, rules and regulations of the organization. They simply wish to be popular or depend upon the association to bring them votes.

FOOLISH URBAN
RENEWAL RULES

The Urban Renewal Administration presents many problems that don't make sense. A glaring one is in the matter of appraisal of property.

Just now property in the Oak Ridge area is in the process of acquisition. Most property owners have been dissatisfied with appraisements made so far. Few have made any effort to appeal greatly because of the fear of losing; some because they have had no experience in opposing authority and satisfy themselves with what is handed out.

In some instances, property owners have balked. Local authorities can do nothing. So an appraiser from Chicago must come out and do the rechecking.

This is ridiculous, a useless expenditure of the taxpayers' money and delays which have plagued the urban renewal administration here.

FEW VOTED IN
PRIMARY ELECTION

Iowa went to the polls Tuesday and cast one of the smallest votes in recent years. This is due, in part, to the lack of contests for most offices. No issues and few candidates cut the vote in any election.

Possibly the surprise vote was that of Mr. Murray, who won the Republican nomination for Governor. Many people had picked Beck because of his experience on the highway commission, as the successful publisher and leadership in reviving his home town from the depth it had sunk following its coal mine depletion.

Beck made his greatest mistake by personal attacks on Murray and association with some forces that had a hand in weakening the Republican party in Iowa in 1964.

Nomination of these leading candidates: Gov. Hughes, Murray, Miller and Smith presages a good campaign and election.

Wilkins Praises AKA
For Helping NAACP

Los Angeles, Calif. — "Negroes are Americans, citizens of the Executive Director Roy Wilkins told delegates attending the 42nd annual convention of Alpha Kappa Alpha Sorority here.

"Behind the headlines, the flame-temperament slogans concocted by what are loosely called civil rights leaders, the people have to go on doing the things that must be done: getting jobs, establishing homes, rearing families, educating children, safeguarding health, relaxing in recreation and building a competence."

Mr. Wilkins spoke at the afternoon session, Wednesday, Aug. 17.

He urged delegates representing this oldest Negro sorority to continue helping the Negro American forward as they have been doing for years, "and, most important of all, let its women continue to be wives and mothers in the kinds of families that assume the responsibilities of citizenship themselves, and that inspire and aid the march toward independence and citizenship responsibility in others."

Last week's column was so full of comments on the late Duke Slater that we forgot to mention that old timers softball game between the East and West side oldtimers. We heard two dates—one was Sunday, Sept. 4, and the other was Labor Day. But we guess the game was played on one of those days. We were out of town over the weekend, so we never did find out who won or just what did happen.

Warriors

And we now concede that the Des Moines Warriors have a pretty fair football team. They just might beat that Joliet bunch when they play here. The boys may finish pretty high in the league even if they don't win it.

All the pre-season dope says East High will be the best team in the city. Maybe so. But North was probably the best team in the city at the end of last year and they just could take up where they left off. They seem to have everything they need—a big strong line and set of fast, hard-running backs.

We don't know what Iowa will have, but we noticed a real scarcity of Negroes in the first teams, both on offense and defense. Maybe this year the freshman team and the next one will do something about this. But this first ball club of Nagel's is an inheritance from the Beemes era. Let's give the guy a couple of more years to see what he can do.

When this weekend ends, Cassius Clay takes on the German heavy-

weight in another title defense. Better hurry if you want to see the fight. We predict that Clay's fight with his draft board will be a much tougher battle. We don't think he will win from the board.

Do you know anybody who hasn't been watching that National League Pennant race? We still like the Dodgers because they have probably the best pitching staff in baseball. We are backing Baltimore in the World Series against anybody but the Dodgers. And that will go at the end of this month, too.

We have to see Iowa State play a few games this year. They could be more fun to watch than the Junior Hawkeyes. Drake could have another good year. The Buckeyes may be just about ready to play football in the rally again. Who can forget the John Bright incident? Now that school depend on Negro stars in football. Time changes a lot things.

Florida Teen Riot

Negro teen-agers threw bottles at police cars and smashed shop windows, and a patrolman was shot in the arm by a sniper early Thursday after officers broke up a rowdy crowd at a drive-in restaurant.

In Pompano Beach, 15 miles to the north, another sniper took five shots at two patrolmen sitting in a parked car guarding a supermarket where violence was centered during a riot in June. Neither was hit.

In Fort Lauderdale, windows in six stores were broken. One was looted of \$300 in merchandise.

A patrolman, Francis Grady, was cut on the face by flying glass. But he did not require medical treatment.

Trouble 'Balloons'

Fort Lauderdale has no record of race rioting, but Police Lt. George Callahan said there was some minor trouble on Monday and Wednesday Wednesday night's trouble apparently was a ballooning of that.

HAILES DR. KING

DEAR EDITOR:

Again Dr. Martin Luther King is our national conscience. Now he is dramatizing the need for federal civil rights legislation up North. He is pointing out especially the need for fair housing legislation in the Chicago part of the Lincoln state.

Meanwhile, the United States House of Representatives has finally passed H. R. 14765. This law adds important new federal powers with which to cope with housing discrimination, eliminate race discrimination in jury selection, protect citizens in the exercise of their rights and penalize incitement to violence.

While H. R. 14765 is not a perfect bill, it is a step forward toward the realization of the full potentialities of our system. In my opinion, the United States Senate should pass it without letting Senator Dirksen weaken it drastically or wilfully obstruct needed progress. We need federal occupancy legislation that includes an administrative board to enforce it.

Since every citizen of this country should be guaranteed his legal and civic rights, I hope that Senators Miller and Hickenlooper will vote for the complete civil rights act of 1966. We shall probably also need their votes for cloture on the measure.

While they did vote for cloture on the 1964 civil rights bill, they voted against cloture on the 1965 Voting Rights Act, according to the July, 1966 Cedar Rapids Human Relations Council Newsletter. Let us hope that both of the Senators from Iowa will vote FOR cloture on the Civil Rights act for 1966, when and if this becomes necessary.

I've got arthritis in both of my knees
And when I talk I talk with a wheeze,

My pulse is weak and my blood is thin
But I'm awfully well for the shape I am in.

I think my liver is out of whack
And a terrible pain is in my back.
My hearing is poor and my sight is dim

Most everything is out of trim.
My days, My Doctor says, are few
Every week he finds something new!
And the way I stagger sure is a crime.

I'm likely to drop 'most anytime.
I jump like mad at the drop of a pin

But I'm awfully good for the shape I'm in.
I have arch supports for both of my feet

Or I wouldn't be able to walk down the street!
Sleeplessness I have night after night

And in the morning I am a sight!
My memory's failing, my head's in a spin,

But I'm awfully well for the shape I'm in!
The moral is as this tale unfolds

That for you and I who are growing old
'Tis better to say, "I am fine" with a grin
'Cause it will surely help the shape you're in.

Genius Needed

With all the automatic equipment in homes today, about the only thing that is washed-by-hand is people.

Tit for Tat

"William, I used to have a luxuriant beard like your but when I looked at myself in the mirror I decided to save it off."

Quick as a flash, William retorted: "Sir, I once had a face like your but I decided to grow a beard."

Ten Commandments
Of Human Relations

1. Speak to people. There is nothing as nice as a cheerful word of greeting.
2. Smile at people. It takes 72 muscles to frown and only 14 to smile.
3. Call people by name. The sweetest music to anyone's ears is the sound of his own name.
4. Be friendly and helpful. If you would have friends, be friendly.
5. Be cordial. Speak and act as if everything you do is a genuine pleasure.
6. Be genuinely interested in people. You can like almost everybody, if you try.
7. Be generous with praise, cautious with criticism.
8. Be considerate with the feeling of others; it will be appreciated.
9. Be thoughtful of the opinions of others. There are usually three sides to a controversy, yours, the other fellow's, and the right one.
10. Be alert to give service. What counts most in life is what we do for others.

Add to these a good sense of humor, a big dose of patience, and a dash of humility, and you will be rewarded many-fold.

Knee Surgery
For Watkins

Detroit, Mich. — The Lions said Friday halfback Tommy Watkins, formerly of Iowa State, had knee surgery last week.

Watkins, the National Football League leader in kickoff returns last season, had been placed on the injury list earlier in the week. He injured his knee in an exhibition game Aug. 11 and re-injured it Monday.
