DECIDE IN TUESDAY MEETING:

Local Ministers Condemn Riots

San Francisco and St. Louis React in Anger

Haynes-Johnson Slayings Irk Youths, Vowed Night Revenge

San Francisco, Calif. — The death of a 16-year old youth, shot in the back by a police officer while running away from the officers, triggered violent riots in recent San Francisco history last Tuesday night when police killed the youth as he ran from a stolen car.

The shooting, which occurred about 1 p.m., touched off a melee of some three to four hundred Negroes, who milled about the streets throwing fire bombs, bricks, shooting and looting.

Mayor

Angry youths at a local center vowed that the city would "hear more from them during the night." Some of them even sent word to City Hall that they would like to meet with the Mayor and Police Chief Tom Cahill, but when he arrived at the Center and attempted to talk again, the youths booed and shouted him down.

Guard

Two thousand National Guard troops were enroute to the city, the Mayor said.

Governor Brown, the Mayor said, had been called and asked to come to the city. The Mayor also said that the Governor was enroute from San Diego and would arrive sometime during the morning.

Assistants announced that officer Johnson had been suspended at 6 p.m. pending an investigation.

Obey Law

The Mayor called upon citizens to obey the law and added that curious people should stay out of the affected area. An assistant added that the

It is six percent over the amount subscribed at this time last year.

Potential Workers Trained to Renovate

Washington, D.C.—Some 100 Cincinnati workers—mainly members of minority groups—are helping renovate a building as a part of training in an experiment to upgrade their skills.

The first group of 35 trainees is already on the job. As each man reaches the qualifying level, he then moves on to regular employment and is replaced by another trainee.

Trainees are being supervised by skilled carpenters, plumbers, electricians, painters, bricklayers and sheetmetal workers provided by local building contractors and labor unions.

When the six-story building is completely renovated after the 14-month project, it will house the Neighborhood Youth Corps and other youth- and adult-training projects.

Syracuse Grad to Attend IBM Course "IBM Administrator"

John A. Williams has been invited to attend a two-week course in Data Processing Orders and Movement to be held at the IBM Data center and the IBM Education Center in Chicago, Ill., Oct. 10-21. He presently is employed at the Omaha branch, IBM Corporation as an Administrative Trainee working the DPO and M Desk.

Graduating from East High School in 1960, he attended Grand View College and Syracuse University, Syracuse, N.Y. His parents are Mr. and Mrs. J. Walter Thompson, 1432 Sampson street.

Negroes Should Fill Need for Trained RN's

New York—Efforts to recruit Negro high schools girls into the nursing profession were described by two witnesses before the Joint Legislative Committee on Public Health and Medicare.

A registered nurse herself, Mrs. M. Elizabeth Carnegie suggested that nurse recruitment should start at the junior high school level, where counselors should channel graduates into high school courses designed to meet the requirement of nursing schools. Moreover, she said, Future Nurse Clubs and other junior high school functions should be strengthened to acquaint Negro girls with the bright professional future they can attain as nurses.

ning's program.

Everyone who plans to attend this Alumni meeting is requested to contact temporary co-chairmen Mr. and Mrs. Michael Spicer in Des Moines by calling 262-3741 for reservations.

Rev. King, James Meredith To Visit Philadelphia Sunday

The Reverend Doctor William L. Bentley, Pastor of the Emmanuel Institutional Baptist Church and Chairman of the Interfaith Interracial Council of the Clergy (IICC), announced that Dr. Martin Luther King and James Meredith will appear jointly in Philadelphia on Sunday, Oct. 9 at 7 p.m., at The Arena. Reverend Bentley, who founded and organized the IICC, the sponsors of the visit of Dr. King and Mr. Meredith, indicated that they were being brought to Philadelphia so that Philadelphians might have an opportunity to hear their views and to give them their support.

The King-Meredith visit will include a press conference and a luncheon sponsored by the Chamber of Commerce of Greater Philadelphia.

George Woods, noted Philadelphia disc jockey, stated that he gave the full proceeds of a show held at Convention Hall on Monday, Sept. 26, to support the King-Meredith effort, as well as to honor and support the work of Dr. Bentley's program of practical religion.

IICC was founded as an aftermath of the North Philadelphia riots two years ago. Clergy from all races and religions united themselves for the single purpose of giving spiritual guidance and leadership to people in an urban Philadelphia, while at the same time developing programs for their benefit.

Among the many projects being

Replace Teachers In Operation Reclaim

New York, N.Y. — Opening ceremonies for the current school year's Operation Reclaim program for 46 displaced Negro teachers from the South were held on Thursday (Sept. 29) in the library of the Board of Education, following a reception given by the Committee for United Negro Relief.

Operation Reclaim was initiated last year by Executive Deputy Superintendent Dr. John B. King to utilize in the New York City schools the talents of Southern teachers displaced as a result of desegregation of their schools. It is financed by a Federal grant, and is conducted by the New York City Board of Education. They help prepare the Southern teachers for the New York City teachers' license examinations. Specialists from the New York City school staff cooperate in the venture.

President Johnson Asks A.M.E. Bishops

Washington, D.C. — (Special) — President Lyndon B. Johnson urged the Bishops of the African Methodist Episcopal Church Tuesday, to help "draw out the sounds of violence" which hurt the Civil Rights movement.

The President said otherwise the sound of violence would replace progress and all of the Negro's best work would be undone.

The President also asked the church leaders to raise their voices in politics and urge "all of your members to live up to their responsibilities as citizens" and vote for the candidates of their choice. He asked: "What good does it do us if we seek freedom and secure it and then do not utilize it?"

New York — Two veteran Negro policemen were promoted to top jobs on the force Monday by Police Commissioner Howard R. Leary. Assistant Chief Inspector Lloyd G. Sealy, 49, who has 24 years in the department, was named to head the Brooklyn North uniformed force. He is the first Negro to hold a borough command.

Macon, Ga.—A Baptist congregation fired its pastor and two of his assistants Sunday for advocating opening church services to Negroes. At the same time, the church refused admittance to an African student who had been converted to Christianity by southern Baptist missionaries.

Washington, D.C.—Representative Adam Clayton Powell's airline credit card—payable with federal funds—has been canceled by the House Administration Committee. Rep. Wayne L. Hays (Dem., Ohio) ordered Powell's Eastern Air Lines credit card canceled as past of an investigation he is conducting of the Harlem Democrat's congressional financial affairs.

Hayneville, Ala.—A jury of eight Negroes and four whites acquitted 42-year-old Klansman Eugene Thomas of murder in the March, 1965, night rider slaying of Mrs. Viola Gregg Luizzo. The other two Ku Klux Klansmen charged with the murder, Collier Leroy Wilkins, Jr., was acquitted and William O. Eaton, died of a heart attack before standing trial.

Blasts Mansfield on Desegregation Speed

New York — "The National Association for the Advancement of Colored People is shocked to find you encouraging the baseless pleas of Southerners whose sole objective is to maintain exclusive control of Negro citizenship rights."

With these words, Roy Wilkins, executive director of the NAACP, opened a telegram dispatched Sept. 29 to Senate Majority Leader Mike Mansfield (D.) of Montana.

In a news conference Wednesday, Mr. Mansfield had joined Southerners in declaring that the Department of Health, Education and Welfare was going "too fast" in the formulation and application of its guidelines for desegregating schools and hospitals.

Desegregation

Noting that the average rate of Southern school desegregation has been less than one per cent a year, Mr. Wilkins continued, "This wretched tokenism is what you have endorsed by your statement that the Federal government is going too fast. Any slower pace would be standing still."

"Negro citizens who outnumber the street mobs by millions can only hope your stand is not the official stand of the Johnson Administration or of the Democratic Party."

Mr. Wilkins concluded by saying, "If civil rights is at crisis today, it is not solely because of riotous activity by small youthful gangs. At least equal blame must be placed upon those who subvert justice and temper needed government action to the will of those who would parcel out freedom and equality of opportunity on a racial basis."

Rev. Seymore Gaines Is Critical of Perry Hooks And Morris, Jr. As Leaders

15 Negro ministers met at the Kyles A.M.E. Zion Church, 907 Fiftenth St. Tuesday and volunteered to help keep order at local high school football games.

This action was one of several as an organization of ministers condemned "rioting, hoodlumism and destruction of property," and said they "back the police or any law-enforcement agency" in Iowa.

The formal statement approved by members of the Ministerial Alliance said police should be supported, even though "we feel there are certain inequities in both our civil and law-enforcement systems."

Represent 4,500

The formal statement adopted by the ministers, who said they represent a total of about 4,500 parishioners, said:

"We go on record as being unalterably opposed to rioting, hoodlumism, destruction of property and other forms of lawlessness, and that we Ministers of the Alliance not only vigorously denounce such action but do all in our power to discourage young people from engaging in such action. "Also, we are opposed to gambling, prostitution and the illegal sale of drugs and intoxicating drinks, especially to minors."

Criticized

Two prominent local Negroes, Perry Hooks, executive director of the Des Moines Human Rights Commission, and J. B. Morris, Jr., an attorney, were criticized by one minister for being "so-called leaders, but not getting down to work with the kids."

"No Influence"

The Rev. Seymour Gaines, pastor of the Union Baptist Church and executive secretary of the alliance, said both Hooks and Morris were asked by police to help control the rioting in Good Park in early July.

"But they had no influence," he said, "because they don't work with these kids. The kids don't know them."

? The Rev. Mr. Gaines said the immediate cause for rioting in the park was action by the police in "breaking up gambling." He said a few persons ate minister at the Corinthian Baptist Church, complained that he told police on four different occasions about the apparent illegal sale of liquor and nothing was done.

Liquor

Fenton said it is difficult to sneak someone into a house to buy liquor where it is being sold illegally, and added:

"Beer and wine are being distributed among kids around the Willkie House. There is someone who knows where they are getting it. He's got to tell us where it is coming from and we'll stop it. We're serious about this problem."

Abuse

The Rev. William Burnett, vice-president of the alliance, said, "there had an interest in the gambling and 'incited the others to violence.'"

To Seek Stricter Laws

Ray Fenton, Polk County attorney who attended the meeting, said he would ask the 1967 session of the Iowa Legislature for stricter laws to deal with rioting.

The Rev. William M. Scott, associ-

are men in our Police Department who abuse Negroes," and asked Fenton what his office was doing about "police brutality."

Fenton answered that "any incident of police brutality brought to my office will be thoroughly investigated and if the situation warrants it, brought to the Grand Jury."

Glick Hosts Dinner, Dance Will Follow

"Kosher Style" buffet dinner and reception will be held by Sol Glick, candidate for Polk County Attorney, at the Moose Lodge, 313 4th street next Saturday evening beginning at 6 p.m.

Officers of the Elks, Moose and Eagles Lodge will also attend, with a Moose Legion dance to follow.

The Student Studies At Logan and Walnut

Starting Monday, Oct. 10, the Walnut Neighborhood Opportunity Center and the Greater Logan Opportunity Centers will initiate the Student Studies program.

At both centers high school students may come for tutoring Monday —Thurs, from 7-10 p.m.

"There will be specially designated rooms and teachers for as many students who need help in their work," said Paul Wilson, supervisor at Logan and Walnut Hill.

The first year for the Student Studies, it is under the program of the Polk County Community Action Neighborhood Center, of which Mrs. Rhoda Kramer, Polk County Educational Specialist, is in charge of books and other educational materials.

all claimants known or unknown and/or
all claimants under any legal disability
having and/or claiming an interest
in and to the real estate described
as follows, to-wit:
The South 10 feet of the North half
of the Southwest Quarter of the North-
west Quarter of Section 23, Township
78 North, Range 24, West of the 5th P.M.,
all now included in and forming a part
of the City of Des Moines, Iowa, Defendants.

TO: The Above Named Defendants,
You, and each of you, are hereby notified
that there is now on file in the office

State of Iowa, in and for Polk County,
Des Moines, Iowa, the Petition of the
Plaintiffs above named claiming that they
are the absolute and undivided owners
in fee simple of the following described
real estate situated in Polk County, Iowa,
to-wit:

The South 10 feet of the North half
of the Southwest Quarter of the North-
west Quarter of Section 23, Township
78 North, Range 24, West of the 5th P.M.,
all now included in and forming a part
of the City of Des Moines, Iowa.

Plaintiffs allege that said Defendants,
or some of them, as Plaintiff is credibly
informed and believes make some claim
of said property, or some interest therein,
adverse to the title of this Plaintiff, but
that the Plaintiffs have no knowledge or
information and do not know how said
interest is claimed by said unknown
claimants was derived, or claimed to have
been derived, or the method of obtaining
the same, and Plaintiffs allege that the

the Plaintiffs have sought diligently to
learn the same; and Plaintiffs in said
Petition set out certain instruments of
title which cloud the title of Plaintiffs
reference to said title. For further
particulars, see the Petition of the Plain-
tiffs now on file in the office of the Clerk
of said Court. Plaintiffs further allege
that none of the said Defendants or un-
known claimants have, in fact, any right,

and that the Plaintiffs herein have been in
the sole, complete, open, notorious, actual
and undisputed adverse possession of the
said premises for more than ten (10) years
past under color of title and claim of
right, and that by reason thereof, the De-
fendants are estopped from asserting any
right, title, claim or interest therein ad-
verse to the Plaintiffs.

Plaintiffs in their Petition, pray for the
establishment of their estate and title
against the adverse claims of the De-
fendants, and that each and all of them,
and all persons claiming by, through
or under them, be barred and forever
estopped from ever having, asserting or
claiming any right, title or interest in or
to the said premises, or any part thereof,
adverse to the Plaintiffs or the Plaintiffs'
title to the said premises be quieted,
established and confirmed and that Plain-
tiffs have such other and further equitable
relief as the Court may deem just and
appropriate in the premises.

You, and each of you, are further notified
that unless you appear and defend in
said Court, which Court is the Polk County

MRS. JAMES C. TAYLOR, the former Melanie Martin, visited her sister, Mrs. Cynthia Turner, recently. Our chit chat included the subject of employment. Melanie is on the staff of the Chicago Sun Times, in the office of Ann Landers. Startled? I certainly was, and my curiosity was as great as the proverbial cat's. To our many questions she said "Miss Landers is syndicated in 666 papers throughout the world. And 30 or 40 of those are in foreign countries. She is the twin sister of Abbey Van Doren, another advice columnist. Melanie is sometimes busy enough to put out 100 to 200 letters daily. She types and proofreads copy, proofreads Miss Landers' speeches. Whenever a booklet is revised, Melanie proofreads the copy preparatory to its being sent to the publisher. There was much more and all of it fascinating. To our "Please tell us more", Melanie smilingly cooed "and at 5 o'clock I go home!"

NILES AND JONES MIXED LEAGUE'S Saturday night events: We find that some of the high games bowled for men were Dick Henderson's 226, Sy Forrester's 215, Will Hunt's 212, John Skipper's 203, Kenneth Kemp a 202 and Elmer Tolson with a 207. Now for the women: Helen White had a 206 high game with a 502 series; Deloris Davis had a 189 high game and a 507 series; Jane George had a 195 high game.

DELORIS DAVIS has a hand-tooled bowling ball bag. Ever seen anything better looking — in bowling ball bags?

DARLENE HENDERSON, secretary to Attorney Henry McKnight, "is one of best dressed women a certain widely traveled gentleman has seen" in his life. Makes most of her wardrobe. Such ambition and talent.

RUTH STOKESBERRY, to most of us the radio voice urging us to be KIOA good guys and visit the Des Moines Public Library, is this week inviting us to visit the Library on Sunday, Oct. 9. Chatting with her at Saturday night's Film Club I was excited to hear the fabulous planning and really hard work which is going into the Oct. 9, Des Moines Public Library's Centennial Open House. There will be a costume parade and a display of antique cars. Coffee and cake will be served. Other committee members are Mil-

dred K. Allen and Elaine Estes. See you there! Remember 2 p.m. to 5 p.m.

EVANGELIST L. L. MILLER, of Little Rock, Ark., visiting last week in Des Moines is one of the most charming and dynamic persons I have met. She was a guest in the home of her brother and sister-in-law Deputy Sheriff and Mrs. G. B. Tucker. Evangelist Miller — a most chic edition of 1966 evangelists — has reared seven children and now, in what to most people would be the quiet years of their lives, carries a heavy schedule of evangelistic services. This work is done with a son, Elder Raymond Salvage. Evangelist Miller is a member of the Church of God in Christ.

MRS. ROSE JOHNSON, Candidate for the State Legislature, did you know that the first drawing of the Republican Party's emblem, an elephant, first appeared in Harper's Weekly, New York City, on Nov. 7, 1874. It was drawn by Theodore Nast and entitled "The Third-Term Panic" — a reference to Grant possibly seeking a third term.

MRS. JUNE FRANKLIN, Candidate for the State Legislature, did you know that the emblem of the Democratic Party, the donkey, appeared first in Harper's Weekly, New York City, Jan. 15, 1870? This, too, by Theodore Nast and was entitled "A Live Jackass Kicking a Dead Lion". The donkey was called "Copperhead papers" and the dead lion was said to be Edwin McMasters Stanton, President Lincoln's Secretary of War.

VFW Scholarships, First Place \$1,000

Scholarships totaling \$1,750 will be awarded to three top national winners in the annual scholarship program announced by the Ladies Auxiliary to the Veterans of Foreign Wars. Open to all high school students, the program is designed to stimulate the ideals of America's youth into the meaning of patriotism and good citizenship.

Each entrant must fill out an application including a questionnaire on his or her thoughts concerning responsibilities of a young American citizen.

All applications are to be returned completed to the local Auxiliary by March 15, 1967.

Service is as important as the product you buy.

Save money by making sure... before you buy... that reliable repair service is available locally.

Six rules of buying a product that will need maintenance or repair:

1. Expect good sales service. If you don't get it you're likely to have trouble when you need repairs.
2. A guarantee is only as good as the organization behind it. Read it carefully.
3. Think of the product in terms of need for maintenance and availability of parts and service.
4. A good product name is essential but not enough if facilities for service are lacking.

GEORGIA DEMOCRATS IN A HORRIBLE SITUATION

The Democrat party in Georgia has nominated James Maddox as its candidate for governor. He is the same Maddox who with his son drove Negroes from his restaurant with guns and baseball bats and finally closed his business to keep from serving them.

Maddox is an arch segregationist with no strings attached. With little money and organization he beat former governor Arnell who has been called a liberal and is a wealthy man.

Georgia, led by its capital Atlanta, the gate city of the South, has been counted as one of the southern states which had changed its attitude greatly on the race question. And while much prejudice lingers in the hearts of these people it has been held somewhat in obedience in recent years, until sparked by the riots and demonstrations that have been going on and a reaction against the advent of the "black power" slogan.

This nomination has put the party in an embarrassing position even more than when the Republican party nominated Senator Goldwater in 1964. In recent years, most Negroes in Georgia are Democrats. Suddenly they wake up and find as their leader a candidate who opposes their efforts to exercise their civil rights.

Will they vote for him because he is their nominee or will they refuse to do so and vote to help prevent his election?

However important this may be, the decent people of the state must shudder to realize what race prejudice has given the people and the slowdown in the progress the state has made.

The Bystander hopes that men of goodwill will refuse to elect a man at the head of their state who takes the oath of office with no intention of carrying it out.

SNIPING AT CIVIL RIGHTS LAWS

When Congress passed the Medicare bill the department of health, education and welfare was selected to administer the law.

The department was authorized to lay down guide lines which hospitals and schools must follow in order to qualify for funds under this and other pertinent laws.

The department is under fire from some members of Congress, North and South, complaining that the rules are too rigid, that the attempt to accomplish desegregation faster than the public can assimilate it.

Prior to the 1954 school decision, no law had been allowed to go unenforced so generally as that decision. Governors, judges and other officers, charged with enforcing the law, failed to do their duty in most instances thus reneging on their oath to uphold the law.

Such an investigation would not have been voted five years ago. But in recent years riots and lawlessness have done much to change the thinking of a lot of people and we suffer for it.

The Health, Education and Welfare Department should proceed to carry out the law and if Congress is dissatisfied then they should attempt to repeal it in orderly fashion.

MOBS ARE MOBS BLACK OR WHITE

Tuesday the main heading on the daily paper was "Rioters Quiet in Harlan." It took a second glance to realize that it did not say "Rioters Quiet in Harlan."

The story grows out of the actions by labor union in Harlan, Iowa, who used every dirty trick any other mob would to stop the operation of a strike bound plant.

These men turned over houses of non strikers, broke window glass, damaged equipment and drove a few newcomers out of town. (Why import Mexicans from California anyway?)

All of this is about the same conduct that Negroes have been carrying on in northern cities over the country; segments of population in some countries with great force in recent months.

We do not justify such conduct by anyone. The participants should be punished. Some Negroes may get by with it, but it hurts; labor gets by with it but is strong enough to focus their misdoings on individuals and not the organization.

LOOKS AS if we are off again. Same story. The boys fought their hearts out, but the other team got the most points. We would guess that the HAWKEYES wanted this one real badly and probably became over-anxious when they had recovering chances. But they weren't pushed around too much. Just got beat. Now comes PURDUE and if they can come out of that one in good shape, the boys just might take MINNESOTA, who seems to be having a rough time getting started.

At IOWA STATE, the fellows feel they won a moral victory by giving a top-ranked NEBRASKA team a bad afternoon. They might have won this one with a little luck. Experts would say the CORNHUSKERS played the CYCLONES too cheap and when they wanted to bear down, couldn't get untracked. Those things happen. But if you are an Iowa State fan you would say the team just were a determined bunch of underdogs. But whatever the cause was, the game was a good one to watch.

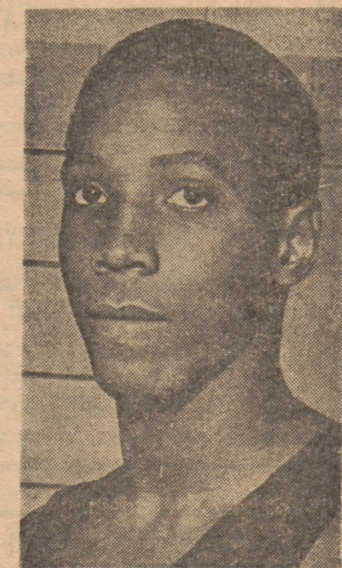

As the NEBRASKA offense rolled up and down the field, you wondered when the flood was coming.

DRAKE still looks like there is a lot better ball club out there than people suspect. We thought SOUTHERN ILLINOIS was the big test. Maybe it was, but WITCHITA isn't a push over. We still argue that Drake should schedule MISSOURI VALLEY football games and if they did, the BULLDOGS won't be last.

HERE AT HOME we heard a guy say that EAST WATERLOO had a fine ball club. So we checked with one of the Register Night sports-writers. He said the same thing a little more emphatically. Something about one HELUVA team. Friday night should have convinced all doubters. Of course, the frequent EAST DES MOINES fumbles didn't help them any, but they were still up against a real ball team.

Without the fumbles the upstate boys would have won, but not by the margin they did.

TECH didn't have the outside defense strength to hold NORTH'S JIM KIRBY and that guy put in a real one man show. Any time he can turn the corner and head upfield you can forget it. He will likely make a shambles out of the defense.

KEN WHITNEY

ROOSEVELT'S KEN WHITNEY might stay close to him. This guy proves he is really good week after week. We will be watching when KIRBY and WHITNEY meet.

THE WARRIORS won their fourth straight league football game and the DODGERS won the pennant in their usual manner. The last game of the season one can't say that no matter how the WORLD SERIES end, those DODGER fans don't get their thrills.

HEALTH FOR ALL

Falling leaves and swirling breezes herald (along with lots of pleasanter things) the approach of the flu season. But the good news this winter, according to the U.S. Public Health Service, is that any outbreak of influenza it occurs will be minor.

Just the same, flu does strike a certain number of individuals each winter, and it's a good idea to season happy optimism with a touch of caution.

If influenza should mark you for its own, how will you recognize the symptoms? Answer: some of them are very much like those of the common cold, only more emphatic. The throat gets sore, the nasal passages are congested, there is apt to be a dry cough accompanied by chills, fever, muscular aches and pains. But don't get too alarmed: most people recover within a week.

Of course there can be complications—such as bronchitis, sinus trouble, ear infection. Sometimes pneumonia develops. Best thing is

to call a doctor as soon as you become aware of developing symptoms, and stay in bed as long as he tells you to.

What about prevention? It's thoroughly possible for those likely to need it. Flu vaccination is recommended for those with heart ailments, chronic lung disorders, diabetes, and certain other chronic disease. According to the Public Health Service, people over 45 and those living in institutions or other crowded environments also are considered "at high risk" of flu. Middle-aged men who are heavy cigarette smokers, and thus may suffer some impairment of their breathing organs, are considered by some authorities to be particularly vulnerable. Consult your doctor about flu vaccination for you.

Political Candidates' Doings and Sayings

"Iowa could save up to \$10 million in state governmental operating costs without cutting any services by undertaking a complete reorganization," William G. Murray said Wednesday, Republican candidate for Governor.

He cited two examples of reorganization he strongly supports. "The State Tax Commission should be made a three-member appeal and advisory board, while the actual operations of our revenue-collecting department should be placed in the hands of one-skilled administrator."

Wiley Mayne, Sixth District Republican candidate for Congress, in a speech last Thursday said that House Democrats scuttled the only sensible approach to the "war" on poverty when they voted down Republican effort to amend and improve the bill authorizing \$1.75 billion for the program for fiscal year 1967. (The amendments were defeated last Wednesday afternoon by vote of 143-115).

"Low rent public housing is only a partial answer to the housing needs of the elderly," Tom Fredregill, West Des Moines Republican candidate for the state legislature, said. "I personally would prefer a broader 'rent supplement' plan for the long-range solution." Helen G. Irwin, Polk County Republican candidate for state representative, said

last Wednesday that Iowa State University in Ames should be made a world food research center to develop production and marketing programs to meet world food needs.

Don Mahon, Republican candidate for Congress, has endorsed a call to Democrat Congressman Smith for the facts on Vietnam as issued on Tuesday by House Republican leaders. He said the war is taking more lives, using more and more equipment and is becoming an increasingly costly part of the American budget. He predicted a major post election escalation.

Congressman John R. Schmidhauser said that he was very pleased to see that the House, Education and Labor Committee had adopted several recommendations which the Congressman had made with regard to constructive changes in the allocation of funds in the Elementary and Secondary Education Amendments of 1966.

stormed for 91 yards in 22 tries. Eppie Barney was in there, too.

The Iowa State squad of 1966 includes 14 Negroes, eight of them in top spots. Offensively, they are fullbacks Ben King and Willie Robinson, tailback Les Webster and split end Eppie Barney. Defensively, they are ends Sam Campbell and Don Graves and halfbacks Doug Robinson and Larry Carwell.

The Des Moines Warriors blitzed Quad-Cities' Raiders, 49-0.

The victory was the fourth in a row for the Warriors, who lead the Professional Football League of America with a 5-1 record. The winless Raiders, playing before Davenport 3,000 fans — their largest crowd of the season — went down to their fifth loss.

Philadelphia, Pa. — Los Angeles clinched its second consecutive National League pennant Sunday by beating Philadelphia, 6-3, in the second game of a doubleheader as Sandy Koufax picked up his twenty-seventh victory.

Six for Alston

The brilliant left hander's 27 victories are the most of his career. He has lost nine.

The Dodgers' championship marks the first time a National League team has won two straight pennants since the Braves did it in 1957-58. Alston now has won six pennants in 13 years with the Dodgers.

The Dodgers and the Baltimore Orioles clashed yesterday in the first game of the 1966 World Series.

No End in Sight

The KK-Klan, covering their face. To what do they belong, I wonder what Race?

If they are right, and have Meaning inside, then what is their reason to hide?

Burning crosses like thieves in the Night.

Is this what is supposed to be right? If this be an equal turn, when a Man has to burn?

Then why go on, with this endless plight, if there be on end in sight, Ah—but he seems to have forgotten one thing. The World is first now has to destroy.

No more be a man, woman, girl or boy.

He doesn't want the black man near. Now let's see what brought about this fear.

For he took a hand, that still isn't his, brought the black to live in this land.

And never try to understand.

The Black worked hard and he didn't cross the great White Father, his Mighty boss.

He crept into the Black's shack at night, and Created a terrible sight,

For now he had a black son, what was he supposed to do?

It wasn't his fault, he was born free to live,

But how and behold, the hell be done The fear of his black brother may be within, it surely can't be the color of his skin.

This fear seems to disappear, with the fading of the sun.

To the Editor:

. . . The problems of the people of this country are . . . similar to those of the American Negro. . . The main issue in both cases is freedom. We, as Negroes, are fighting to maintain our God-given rights, so are the people of this country.

We (Negroes) are not only fighting to maintain our respect as a proud race, but also as a race of people who have a definite future in the world. . .

So the . . . citizens of the U.S.A. must wake up and give the American Negro their rights, and the communists must wake up and give the people of Viet Nam their rights and God granted freedoms.

. . . When any person or persons are surprised, it is not only a problem of that country, but also a problem of the world.

Laugh Lines

A city was tagging a mock air raid and the Boy Scouts had been called on to act as wounded persons to be picked up and tended by members of the civil defense organization.

The first-aid people got considerably behind schedule and one little Scout lay awaiting his rescuers for over an hour. When they finally arrived at the spot, they found a note in a childish scrawl: "I bled to death and went home."
