YOUTH'S DEATH PROLONGS RUMBLE:

Wallace Sets Off Omaha Eruption

Peggy Spates Is Named Scholarship Winner

Maintained .783
Average in School

A North High Senior who has worked strenuously in her education all the way from "kindergarten", according to her mother, has become a winner of the Edwin T. Meredith Foundation Achievement Scholarship.

Miss Peggy M. Spates, daughter of Mr. and Mrs. Rufus M. Spates, 1244 13th street, Wednesday was named the recipient of a four-year college scholarship in the National Achievement Scholarship Program. The Meredith Corporation sponsors one Achievement Scholar each year.

Miss Spates, 17, tentatively plans to attend Drake University to major in sociology. She said, however, that she had been undecided as to whether she would major in drama or sociology. Her main concern, however, is to work with people, probably Negroes, because she felt that as a Negro she could communicate easier with them and they with her. One day she plans to work in England with immigrants and their problems.

She has been active at North as homeroom president, 1966-67 and its secretary, 1965-66; Spanish Club, 1966; Scholastic Committee, 1966; Junior High Tutor, 1967-68; Foreign Exchange Committee, 1966-68; Band, 1965-68, in which she plays clarinet; Theatricals Acting Club, 1968; North High Tutor, 1967; and Irving Tutor.

McCarthy Speaks Out On Plight of Negroes

Newark, N. J. — Presidential candidate Senator Eugene J. McCarthy called last Thursday for the United States to "let this killing end" in Vietnam war, and that it was contrary to the principles for which the U. S. had fought past wars.

McCarthy further stated that this country could not win in Vietnam and hope to win the war over poverty here.

The Johnson administration, McCarthy said, has "tragically distorted" priorities. He said that Negroes in America were still being treated as "colonials" a century after Emancipation.

Will Work with Naval Command in Wash., DC

Miss Linda Jackson, daughter of Mr. and Mrs. Guy Jackson, 320 Creighton avenue, will be leaving for Washington, D.C. on Saturday to accept a Federal Stenographic position with the Naval Command.

MISS JACKSON

Linda, a 1965 graduate of North High School, was previously employed as a secretary at the Oakridge office of Urban Renewal and has been active in the Hinge and I.C.C. organizations of the Y.W.C.A.

Miss Spates Receiving Certificate Naming Her As Meredith Scholar

The Achievement Scholarship Program, designed to recognize and encourage highly able Negro students throughout the United States, is administered by the National Merit Foundation Achievement Scholar.

A member of the Jehovah's Witnesses Kingdom Hall, Miss Spates attended Nash Elementary and Irving

Junior High Schools.

Shown here are Darwin Tucker, president of the Meredith Corporation; Miss Spates; and Wendell Webb principal of North High School.

Mrs. Rufus Spates said when she learned of her daughter's accomplishment: "I'm real excited, I'm so

happy. She has worked so hard for this goal, from way back in kindergarten."

From junior high on until and including her senior year, Miss Spates consistently maintained a .783 average, in the upper three percent of her class.

Ossie Davis Will Star in Movie

Ossie Davis, starring opposite Burt Lancaster and Shelley Winters in "The Scalp Hunters," plays a runaway American slave of the 1850's in the United Artists feature to be released this spring.

Davis portrays a house servant from Louisiana who is captured by Comanches, Kiowas, a lone fur trader, and finally a gang of renegade scalpers as he tries to make his way across the great southwest to Mexico and freedom.

The "Riots: Analysis and Alternatives" program sponsored by the National Affairs Committee of the Drake Student Faculty Council of Drake University is currently in session.

The two-week session, which has thus far hosted Dr. Nathan Caplan, research worker behind President Johnson's Riot Commission report and Dr. Nathan Wright, chairman of the 1967 Conference on Black Power in Newark, N.J., will on Friday, Mar. 8, 10 a.m. see Illinois Governor Otto Kerner speak on the "Examination of the (National Advisory) Commission Report. On Monday, Mar. 11, Andrew Hatcher will be present, and on Wednesday, 7 p.m. Judge Luther T. Glanton, Del. Brown, general manager of John Deere Des Moines, James Dunn, and Larry Larry Landis, instructor on social science at Drake will engage in a panel discussion on "The community Response—co-operation or conflict."

Special guest Thursday, Mar. 14, 2 p.m. will be Dick Gregory, former comedian, now actively engaged in civil rights work. Gregory this year completed a fast protesting the war in Viet Nam.

Calls for More Union Apprenticeship

Washington—Mark Battle, administrator of the Department of Labor's Bureau of Work-Training Programs, has urged leaders of the building and construction trades to conduct apprenticeship information campaigns in minority communities to acquaint minority youth with the "nature and promise" of apprenticeship.

Urban League

In an address before the Conference on Minority Youth and Apprenticeship in New York City, co-sponsored by the A. Philip Randolph Educational Fund and the National Urban League, Battle said the Negro community knew very little about apprenticeship because of past discrimination in the skilled trades.

Train

Speaking before members of building and construction trades unions and civil rights leaders, Battle praised the recent pledge by international building and trades unions to recruit and train Negroes for

The funds are intended to assist in general development over the next three and a half years. The Tuskegee grant is among funds totaling more than \$3 million provided by the Ford Foundation for strengthening predominantly Negro colleges.

Clifford McKay Is Named Baltimore Public Wks. Chief

Baltimore, Md. — A former employee of the Iowa Bystander Newspaper has been appointed as the first Negro bureau chief in the city's Department of Public Works.

Clifford W. McKay, brother of Dora McKay of 1062 38th street, will take over as chief of the Bureau of Consumer Services at \$18,000 a year, and will be responsible for applications, permits and licenses, the customer accounts division and the complaint section.

McKay began his career at the Bystander during the 30's as a reporter and printer. In 1951 he was appointed editor-in-chief of the Afro-American newspaper chain in the east.

Suffers Fracture, Broken Leg in Mishap

A Des Moines man is in critical condition at Broadlawn Polk County Hospital after he was struck by a car as he crossed University avenue just west of Sixth Avenue.

Willie R. Ashew, 43, of 1110 7th street was injured about 7:15 p.m. Sunday and suffered a skull fracture and a broken right leg. He was hit by Paul O. Olsen, 1314 31st street. Police charged Olsen with driving with inadequate brakes and an expired drivers license. The impact of the car was said to have carried Ashew more than 160 feet on the hood before stopping at Sixth and University.

Troubles Begin While Former Governor Speaks

Omaha—A day of scattered disturbances caused by school-age youths Tuesday followed a night of violence on the Near North Side during which one 16-year-old Negro was killed in an apparent break-in attempt.

The slain youth was Howard L. Stevenson, shot by an off-duty police officer.

Priests

Two Catholic priests were charged with disrupting a public meeting, bringing to three the number of persons scheduled for prosecution as a result of incidents which erupted Monday night during and after an appearance by former Alabama Gov. George Wallace.

One white motorist who apparently was dragged from his car and beaten by a group of youths at Twenty-fourth and Lake Streets remained in critical condition.

Another white motorist hit in the head by a brick at the same intersection was in fair condition.

Sticks Tossed

The incidents began at the City Auditorium when sticks and pieces of wood were thrown at Mr. Wallace by about 25 demonstrators.

Most of the demonstrators were young Negroes, but some were Caucasians.

Disturbances

The disturbances Tuesday centered around several schools in the predominantly Negro Near North Side. At mostly-Negro Horace Mann

Junior High School, at least 50 windows were broken and two small shrubs were set afire by students who refused to go to their third class of the morning. The school was closed.

Police also were called to Sacred Heart High, Technical High, Lothrop and Sarathog Schools, but classes remained in session. All are on the Near North Side.

About 25 citizens, mostly Negroes, met with the Omaha Mayor for about an hour Tuesday and demanded "some positive action" be taken immediately to avoid further outbreaks.

The Mayor had said the disturbances that accompanied the appearance of former Alabama Gov. George Wallace at the City Auditorium Monday night were "a sad commentary on the attitudes of a handful of belligerent people."

Arena Packed

The City Auditorium Arena was packed Monday night for the Wallace convention with a crowd estimated by Manager Charles Mancuso at nearly 54 hundred.

Sign-carrying anti-Wallace protesters booed and jeered. The Rev. Henry Bucklew, former Mayor of Laurel, Miss., master of ceremonies, said at one point: "Every catcall is worth 10 signatures (needed to get Mr. Wallace's name on the Nebraska ballot) for Governor Wallace."

When Mr. Wallace entered the arena about 9 p.m., the protesters started throwing sticks and pieces of wood from point-blank range.

Chuck Roberson Fatally Wounded in Card Game

Services will be held Friday, 2 p.m. at Estes and Son Funeral Home for Charles Roberson of 1700 Washington avenue. Roberson died late Saturday night after he was shot twice with a .38 caliber pistol by Walter Bailey, 64, of 718 Laurel street.

Police said Bailey shot Roberson during an argument at Bailey's home. Roberson was reportedly shot during a card game in the living room, and after being shot twice in the left side, Roberson staggered into the kitchen where Bailey fired another shot at him.

According to police reports, Bailey then held other persons in the home

ROBERSON

at gun point until he was struck in the face by James Dobbins of 1318 Washington.

Roberson was dead on arrival at Broadlawn Polk County Hospital.

Roberson was born in Jasper, Fla., and had lived in the city five years. He was 37, and a service man at Hanfien Body and Paint Company for three years.

Survivors

Survivors include his wife, Shirley; two stepdaughters, Angela Denise and Michelle Lynett Luten, of the city; mother, Mrs. Carrie Young of Jasper; three sisters, Mrs. Mary L. Perkins of Tampa, Fla. and Mrs. Lue Gene Pierce and Mrs. Annie Whitaker, both of Jasper; four brothers, James of Tampa; Johnny of Jasper, Albert and M. C., both of Ft. Myers, Fla.

Narcotics Blamed In Death of Lymon

New York — (LDA) — Frankie Lymon, 26-year-old rhythm and blues singer who rose to fame with his own teenage recording group, died last week of an apparent overdose of narcotics according to police here.

Lymon was home on leave from his Army post at Fort Gordon, Ga. Police reported that his body was found in the apartment of Walter Stribling, a friend of the dead singer, in Manhattan.

Just before he entered the U. S. Army, Lymon authored a magazine article detailing how he had "kicked" the narcotic habit and he was considered to be "clean" at the time of his induction.

Lymon was arrested in 1966 for possession of narcotics and he allegedly voluntarily entered a hospital for the cure. His former recording group,

Simmons Charged with Disturbing Peace

Found guilty of disorderly assembly by Municipal Judge Luther T. Glanton last Friday was 20-year-old Ronald D. Simmons, of 1306 Clark street. Simmons was charged in the Feb. 19 incident at the Leaning Tower of Pizza restaurant.

Simmons was given a 30 day sentence, 27 of which were suspended.

Stabbed in the Chest By 60-Year-old Lady

Charged with assault with intent to commit murder was Miss Flora E. Hughes, 60, of 1164 12th street. Miss Hughes was charged with the stabbing of Cecil E. Hutchinson, 40, of 315 fifth avenue, wounded in the left side of his chest.

"The Teenagers," waxed "Why Do Fools Fall In Love."

Says Gun Law Will Hurt Am. Negroes

Washington—Negroes in general would be disarmed by gun registration laws, for they would have "little or no chance" of obtaining permits to possess firearms in most states, a Negro author warns in the March issue of "The American Rifleman," magazine of the National Rifle Association of America.

William J. White, of Hempstead, Long Island, a Negro and a major in the U. S. Army Reserve now employed by an electronics corporation, compared firearms registration laws to the poll tax. He said:

"Although the Negro had the same right to vote as any other American citizen, the power structure knew that few Negroes would pay the poll tax to vote and that those few who tried could be prohibited from actual voting in a number of ways. If there were reason to believe that the issuance of permits to purchase or keep firearms would be on a non-discriminatory basis, like automobile driving permits, the proposed anti-gun laws could be considered as just another nuisance. But experiences in the American past do not support this."

"Anti-gun measures would have the effect of disarming the American citizen in general and the Negro in particular," Major White said.

Carnegie Presents NAACP With Grant

New York—Carnegie Corporation of New York announced Feb. 29 a grant of \$200,000 to the National Association for the Advancement of Colored People (NAACP) to enable it to establish an education field staff to provide services to its membership in the field of education on a scale not possible before.

While the NAACP has been better known to the public for its conduct of litigation on behalf of school integration, it has sought at the same time to work with communities in their handling of local school problems.

Employment

However, budget limitations have decreed that these education activities be handled almost solely by one person who works out of the national office of the organization in New York. The Corporation grant will be used by the NAACP to augment these efforts by employing—over a period of time and as qualified persons become available—an associate director of education and three regional educational officers.

Your Tax Questions

Q—Last year's medical expenses don't add up to 3 percent of my income. Does that mean I can't use the new provision that allows you to deduct one-half of your medical insurance premiums?

A—You may deduct one-half of your medical insurance premiums up to the maximum of \$150 even though your other medical expenses do not exceed the 3 percent income limitation. However, to take this deduction you must itemize all your other deductions such as taxes, contributions, and interest expenses. You can't deduct your medical insurance premiums if you take the standard deduction.

Q—My brother and I provide over half our mother's support. Who gets to claim her?

Republican Chairman Calls for Negro Vote

Washington, D.C.—In the view of Republican National Chairman, Ray C. Bliss, the Republican Party cannot have a major victory this year unless it increases its share of Negro, Jewish, labor and other ethnic votes. Speaking at a news conference at the close of the recent meeting of the Republican National Committee in Washington, Bliss was confirming statements made earlier in the day by his Special Assistant and Minorities Division director, Clarence L. Townes, Jr.

"The Republican party in 1960," declared Townes, in his speech given at the Saturday afternoon session, "received 32 per cent of the total Negro vote cast. In 1966, we received approximately 19 per cent of the Negro vote. This year, we are working to push that figure up to 35 per cent of the total Negro vote cast."

Prickling Thought—Why in the world, with all the publicity on Mace and Foam and other anti-riot warfare, was it necessary for the South Carolina National Guard to shoot three "unarmed" students, two of them in the back? Had they done so on some college campus who was whooping it up over draft cards the nation would have reacted in indignant shock and converged upon the Founding Fathers with maternal blood in their eye.

The Fifth Dimension on Ed Sullivan Sunday night, live from Las Vegas... proud to see that Sam and Dave won the Grammy for "Soul Man." If anyone deserved it, it be they. However, Aretha Franklin might have been the better choice for best female vocalist, rather than Bobbie Gentry, sorry to say...

Okay, so the City Council has heard the townspeople present their grievances. The C.C. can clear their consciences for this month. What next? It might go something like this:

Mayor Burban: Gentlemen, last month's equal opportunity hearings were quite successful, I wasn't able to sleep a wink after each session.

First City Councilman: Well Mayor, I'm happy to say that I tossed and turned with a guilt complex until Friday night. Then Saturday I played a good game of golf to clear my head. Hearing those gripes made me feel proud that Des Moines has its share of racial problems and that the people brought them to us. I feel wanted now.

Report

Mayor Burban: Next month let's sponsor a small altercation and see if they're really sincere. Then we can publish a 1,400 page report on the causes, effects and a general solution, two conferences with minority heads, preferably on C.P. time and pledge our support to not condoning violence in the street and sticking to our policy of sympathetic but nonembracing brotherhood.

Second Councilman: That sounds good, Mayor, I fell back into white

Fight Begins on Consumer Fraud, Hits Finance Co.

New York—A major attack on consumer frauds was made Mar. 1 by attorneys of the NAACP Legal Defense and Educational Fund, Inc. (LDF) with filing of a suit against the Coburn Credit Co., a major interstate financing company.

The case was filed in the Supreme Court, State of New York, Bronx County.

Carpeting

The Coburn Credit Co. is charged with buying a contract from a "fly-by-night" carpeting firm, which sold wall-to-wall carpeting to poor tenants in low income housing projects at prices "so high in relation to the carpet as to render the contract unconscionable within the meaning of the Uniform Commercial Code."

According to the LDF attorneys, on Sept. 9, 1965 a salesman representing himself as an agent of the Great Northern Carpet Corp. came to Marcel Hill, a tenant in a low rent public housing in Bronx County, and persuaded her to buy wall-to-wall carpeting for three small rooms of her apartment.

"The salesman persuaded the plaintiff to sign a contract to purchase this carpeting at a price of \$920, plus \$237.57 service charge, plus \$13.35 credit life insurance, plus \$31.76 property insurance, for a total of \$1,202.68, to be in equal monthly installments," said the LDF attorneys.

\$2,281

Mrs. Hill lives with her daughter and has a yearly income of about \$2,281.

"The salesman," continued the attorneys, "assured Mrs. Hill that as a term of this contract, the company would service her carpet for twenty-five years."

However, the attorneys claim that racism and refused to open the door for an 89-year-old Negro lady with an Afro hairstyle and I need something to thoroughly balm my conscience.

Marvin Sims is playing at the Sands Club nightly. Manager William Saunders says he's putting it out like Otis Redding.

within a year from the date of sale the carpeting company went out of business.

Immediately after the sale to Mrs. Hill the carpet company assigned the contract to the Coburn Credit Co. This situation, argues LDF attorney Leroy Clark, leaves the credit company in a position of "enjoying all the privileges and none of the responsibilities that go with the contract."

Looking to the Future

To the Editor:

I sincerely wish that a viaduct or
underpass could be built at the Mil-
waukee Railroad track for the safety
of small children in the area from
Caldwell, Park avenue Owen Hill,
Randolph and Graves street. The
children cross these tracks four
times a day, excited and running in
all directions when they hear a train
coming past up and down the steep-
est hill on the Milwaukee.

I would like to suggest that we
should have a dock for loading and
unloading our small boats for fishing
quite some distance below the hydro
electric plant.

Having given some years of my
youth helping Mr. and Mrs. Frank
P. Hofman care for their sons, Phillip
and Richard gives me a deep inter-
est and warmth for Richard in his
new office as Mayor. I'm anxious
that his responsible term be a suc-
cess. He knows that brotherly love
is the dove of peace, with its tender-
ness, compassion and tolerance that
keeps the torch of progress aflame.

As citizens, we should not criti-
cize our tax structure too harshly,
or how the town is being run. Let
us make ourselves useful to our fel-
lowmen and we'll reach our rich
rewards.

Your professional beautician
knows the answer...Can your hair be damaged
from brushing, alone?

All hair becomes damaged from exposure to sun and natural
elements. Certain greasy compounds and many chemicals, im-
properly used, also take their toll...not to mention simple at-
tempts at beautifying the hair with any brush not made of
natural bristles. The results are brittleness, breakage, dry and
dull looking hair.

Your professional beautician knows how artificial bristles
actually brush away a great deal of the "lubricants" of the hair
that give it body, lustre and protection. And trained beauticians
claim that nothing beats Clairol® condition® Beauty Pack Treat-
ment for overcoming brittleness, dryness and breakage...
leaving hair lively and easy to manage. condition® is an easy-to-
work-with creme which can even be applied during a chemical
straightening retouch to prevent drying of hair that has been
previously relaxed. condition® is the ultimate in repairing deep-
down damage. And, when time is a factor for their customers,
hairdressers turn to new Clairol® Hair Dew®—the lotion condi-
tioner that penetrates so fast many think of it as an instant
conditioner. When applied regularly by your beautician, Clairol
Hair Dew adds body, softens and gives a glowing new look to
your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles.
But damage to every woman's hair comes from so many other
causes that all human hair (including wigs) needs to be re-
vitalized periodically. Visit your professional beautician and ask
this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure.

HEALTH FOR ALL

Maybe it's the human will to survive, or maybe it's just plain old-fashioned stubbornness. Whatever it is, people are always winning battles—the experts figured them to lose.

Look at some of the people who come down with the crippling lung disease called emphysema. Nobody knows the exact cause of emphysema; nobody knows how to cure it. In its most advanced stages the disease is considered virtually untreatable.

Yet more and more people are managing to cope with emphysema. Coping with it doesn't mean sudden recovery or a miraculous cure. But it does mean fighting through to continued life, work, and the enjoyment thereof, despite the ailment.

Under medical supervision, severe distress caused by emphysema can be eased and kept within bounds

through special breathing techniques, applications of oxygen, drainage, of congested lungs and air passages, physical exercise, and supporting medication.

In Detroit years ago the local TB association inaugurated a program of aid to emphysema sufferers through loans of breathing aid equipment. In a dozen other cities, breathing clinics and home aid, similarly inspired, now improve the lot of many people formerly considered hopeless. In Jefferson County, Alabama, the Christmas Seal association cooperates with state health officials in conducting an emphysema vocational rehabilitation program that not only provides physical help but retrains patients and fits them for productive work.

Medical supervision and rehabilitation can make the difference between

FRED BARR, Drake University senior and Sociology major attended the Feb. 26 to March 1 "Short Course in Boys Club Work" held in Chicago, Ill. An introduction to this work designed for those already involved or desiring to enter this field, the course consisted of lectures on the philosophies of the Boys Clubs and a tour and evaluation of the Chicago Boys Clubs. Barr received a scholarship to attend the course. The YMCA Hotel housed the young men attending the Workshop.

CAROLE HEDGES FIRST ART SHOW OF 1968 is in progress at Sherwood Forest next to the Ginger Bread House. The display fills four rooms! Among my favorites are The Sun Flower 1968; At the Water Front 1967; The Sax Man 1965; The Musicians: Drummer; The Musicians: Sax Man; The Musicians: Trumpet Man; Fruit Bowl 1967; and I Remember Normandy!

SIMPSON COLLEGE'S presentation of "In White America" directed by David Press, Professor of Drama and Speech, is said to have been tremendous, very well staged and to have had exciting lighting effects! The play's six players Brenda Hall, Jan Lokay, Ron Nichols, Dave Press, Robert Arnold and Irv White played a number of characters as well as narrated. Folk singers were Garfield Jackson and Brian Lynner. The play is a documentary on the Negro in America.

VISITED MILDRED'S BEAUTY SALON. Needless to say it is modern and well appointed! It reflects its owner's utter femininity and superb taste. The piped-in music adds to one's inclination to forget all, relax and let Mildred create a new you. (My personal wish.) Mildred's patron.

VISITED MORT'S BARBER SHOP which bears a most masculine touch in its appointments. One wall has a large Conte Crayon and charco (?) drawing of a Chinese lord or leader. Mort claims he is the head of a pagoda.??? The artist? John Skipper, Jr.

MEET CHERYL CRANE, Ed's lady barber from Minneapolis, Minnesota. Her little boy customers are her favorites! At this point Ed and a buddy were joking and Ed was heard to say: "Cleanliness is next to Godliness—I'm one of the cleanest cats!" (That's our Ed!)

LOUIS GAITHER, JR., third member of Ed's staff favors hair cuts—all types. Mmmmmmm he also favors Aretha Franklin's "Bitter Love" which he placed on the turntable and again we had piped-in music!

MET UDALL CASON, JR., a member of Des Moines' City Health Department who claimed to be "taking abuse from the Proprietor of Ed's Shop always." Explaining he's a frat brother is why he gets away with this!! Cason's hobbies are Karate and art—oil painting is his chosen in the field of art. He attends the Des Moines School of Karate twice weekly. Recently, he went to Omaha where he claimed his third belt, a Brown Belt. The first and second are White and Green. These are degrees of classification. (Do I have this right, Cason?) Cason explained the outcry "Kee yah" given just before one delivers a punch adds to the force of the blow!

ROBINSON'S WHOLESALE Camera Department head, John Hickey, has a special character-judging gauge (having to do with camera's of course). McKenzie Urges City to Aid Poverty Centers

Eleanora E. Tate While the controversy of the OEO program nationally and locally are widely discussed, the problems of finding money for various segments of its program go unnoticed.

Donald McKenzie, Director of the Polk County Community Action Council said Monday that the very people who criticize the program have not taken time to go to any Center to see what each one needs. In the case of the Oakridge Opportunity Center's Day Care, McKenzie, in reply to the question of the beds for children to sleep on, said all of the money which goes into the project is completely given from persons concerned with the Center's welfare and the neighborhood, and although the Center is under the OEO program, there are no available funds which can provide beds. The children now nap on a type of platform raised above the floor.

Leonard L. Turner, Senior Aide at Oakridge who has helped extensively in organizing the Day Care Center, said that it had progressed tremendously from its start last

summer. But at least 35 beds are needed for the daily number of children attending it.

The part that the community can play, said McKenzie, is to volunteer with time, money and concern throughout the program to truly make it a community project.

At Logan Opportunity Center, Herman Wadsworth, supervisor, said the staff with the neighborhood has been working since December to redecorate the building's basement as a recreational center, supply room and library facilities. Wadsworth said that with the efforts of the neighborhood children they have been able to clean out the basement and begin work, but more money is needed for painting and partitioning. He said he is currently trying to recruit the neighborhood to assist. At least 400-500 dollars are needed to upgrade the rooms. "We are attempting to recruit expense money by sending an itemized list of necessities to the U. S. Community Services," Wadsworth said. The U.S.C.S. then circulates the information to various churches who may sponsor fundraising projects.

Teenagers and mothers are welcome, Mrs. Cassell said. The first meeting for the Brownies began last Thursday, 3:30 p.m. 25 girls showed up at that meeting, and only one adult helper was available. Age for Brownies is 7-8. The Cadets held their second meeting on Thursday, 3:45 p.m.

THE MODEL CITY ELECTION

Citizens living in or owning property in the Model City Project area went to the polls Saturday and chose members who are to compose the general committee along with additional members at large to be appointed by the city council.

The candidates provided a few new faces in an election, some of whom had helped others get elected to office. They campaigned hard and deserve the success they have achieved.

It is generally conceded that some successful candidates ran in order to be in a position to defeat the program. This must be watched closely and fought vigorously for already too many projects have been started only to bog down along the way.

As long as we are in it, the very best job should be undertaken and completed before it peters out.

CHANGES OFTEN SLOW COMING

Following the Newark, N. J. riots, many complained that the national guard did a miserable job controlling the rioters and preventing crime and looting.

The idea was broached that if more Negroes were included in the guard the situation would be different. Following that line of thought, a special drive was conducted to recruit Negroes in the guard. An advertising agency was hired to prepare and place newspaper ads in strategic places in order to interest Negroes. It did not work. The recruiting drive was not a big success.

This, of course, is understandable.

Remember the argument against accommodations in public places that Negroes would flock into the hotels and restaurants and crowd the white people out. This has not come true. It will take years for the average fellow, black or white, to get into the habit of frequenting fancy places. This is true of recruiting men into the national guard.

Keep the gates open and the pastures will fill up gradually.

AN EXCELLENT REPORT BY THE RIOT CONTROL COMMITTEE

The committee appointed by President Johnson on racial disturbances and crime has made its report. Like any other report involving the race question, some things were said that have been said over and over again.

Luckily, however, it did say some things, maybe in a different way, and thus brought out valuable parts of the report.

One novel and not said by any such group was that the ingrained hate of Negroes by white people was the moving cause of most injustices they suffer.

Well illustrative is the practice of many institutions that certain jobs are for Negroes and certain ones for whites and the Negro too often getting the poorest job.

And this is true in the factory, in national, state and local public jobs. It is emphasized in little pricks and kicks the lower echelon of the institutions do which make it uncomfortable to hold the job or sometimes drives workers off.

The report cites police brutality as the bad image of policemen in the ghetto being looked upon as a representative of the power structure which means to keep the Negro down.

We are inclined to feel that more emphasis might have been given to the part Negroes themselves must play in this big job of solving the very difficult problem that faces America today. Negroes themselves must learn to live better with better opportunities at hand. Those who move out of ghetto houses into good housing must be taught that they should keep houses, yards and lawns as the good neighbor in his area does.

Finally, the report tells us what is wrong; lets find out how it is to be implemented. It is a big job and each community should do its part to make it succeed.

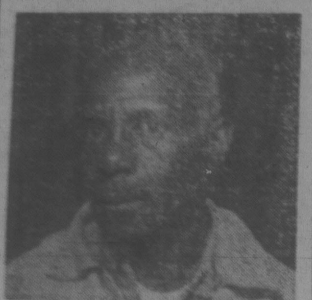

GOLDWATER WASH

Former Senator Goldwater has announced that he and his conservative followers would not support Gov. Rockefeller for President because the governor

did not support him in 1964.

Judging from the disastrous defeat of not only Senator Goldwater but also a host of lesser candidates in 1964, the threat will have little weight with a vast majority of the voters.

SPORTS

With Allen Ashby

1968 could be one of the strangest years for athletics ever. We start out with at least two heavyweight boxing champions. The winter Olympics ends in the granddaddy of all squabbles. The summer Olympics could be boycotted by about half of the nations entered and there is strong talk of a boycott by American Negroes. Then a lot of our best basketball players don't want to miss enough school to try to qualify for the Olympic cage team. So we could well enter the world's greatest athletic show with one hand tied behind our back. But if the Russians really mean to stay home, we could win most of the events. And if they don't stay away, we could make our worst showing in history of the games. We have spoken our mind on the proposed boycott by American Negroes, so we don't discuss that any further. We have also said what we thought of the coming heavyweight bouts. But that doesn't keep them from coming off. What happens then?

Climax

The current basketball season is reaching its climax. The races in two of our midwestern conferences are going right down to the wire with a couple of Iowa teams figuring in the results. Win or lose, this has to be the best cage season for Iowa college teams we ever heard of. We hated to see Drake fall by the wayside, but we were told early in the season not to call the Bulldogs a great team until they hit the Valley teams. So Drake hit the Valley and the Valley hit Drake. Maybe next year. On the national scene the stage is being set for another showdown between Houston and U.C.L.A. Houston, playing a bunch of teams like Barnacle Tech, is unbeaten. Of course the fellows have a real good team, and could be a busy evening for anybody, but if the caliber of their opposition were improved, they might not be unbeaten. We shall see how they do in their trip to the final games. If plans go right they should meet the Uleians in the semi-final game, and that should be one of the games of the year. Pick a winner? The Houston boys say they licked em once, and they will do it again, but we don't know. On this one we would have to go with the gang from the West coast. But in the meanwhile how about here in our own back yard. Iowa State wasn't supposed to beat anybody, but they forgot to tell the Cyclones. So, no matter what has happened when you read this, you will have to tip your hat to a gallant bunch of fighting players who wouldn't quit. Iowa U thought they had a slim chance from the beginning, and they are hanging onto that chance like they really want it. When this comes out the Hawkeyes could be conference champs of involved playoff for the NCAA berth.

All this has happened and we ain't even had our Drake Relays yet!

Names Alcindor, Hayes To All-America Team

New York—The Associated Press college basketball All-American team announced its team Friday, with Elvin Hayes of the University of Houston top man.

Finishing the number one team were Lew Alcindor of UCLA, Westley Unseld of Louisville, Pete Maravich of Louisiana State and Larry Miller of North Carolina.

Only Negro Iowa player to make a team was Sam Williams of the University of Iowa, team three; Iowa State's Don Smith received honorable mention.

Hawkeyes Clinch Big Ten Conference; Whip Minnesota

Minneapolis, Minn. — The Iowa Hawkeyes snared a share of the Big Ten Conference title Monday night after whipping Minnesota 91-72 here.

The Hawkeyes, who at one time led 23-15 early in the first half, then widened the margin 77-63 with 4:53 to go in the game, although Minnesota threatened at the end of the first half, 42-39.

Sam Williams, who shot in a tremendous 34 points, owed his scoring charge to the many times he was fouled, and commentators mentioned that he was probably number one in the country for having the most triple point shots.

Minnesota was in foul trouble from early in the game, and with less than five minutes left, Al Nuness, hot shot rebounder and scorer of 16 points, fouled out.

Iowa shares the title currently with Ohio, and with another tough game coming up, Iowa must be victorious. The Hawks Saturday got a 61-56 victory over Illinois. Williams was held to 18 points.

Kansas state, however, dashed the Iowa State Cyclones hopes for a bid to the Big Eight Conference race by beating them in an overtime 83 to 80. Don Smith gained 24 points for the Cyclones.

High game scorer Monday night at Grand Lanes was Dave Turner with a 245-672 series. Turner bowled in the 40 and 1 Men's Bowling League. Bob Terry rolled a 235-225 games. President of the League is Elmer Tolson.

Des Moines T.R.H.S.

Roars on Toward State

Team Entries

The proceeds from the Gloves will go to many charitable causes throughout the state. The tournament by the Des Moines Association of Professional Firefighters, Dave Fidler of Des Moines is the tournament director.

Each boy is required to pass a physical examination before entering the ring. The Golden Gloves Association of America sanctions the event along with the Amateur Athletic Union of the United States.

Drake Ends Season With Win Over Tulsa

Drake ended its conference season Saturday night after beating Tulsa, 69-65, in fourth place behind Louisville, Bradley, Cincinnati in the Missouri Valley race.

Eight Negro Stars Named to Look Team

New York—Eight Negro college stars have been named to the Look Magazine 10-man All America team picked by the United States Basketball Writer's Association.

The Negro players chosen were: Lew Alcindor and Mike Warren, UCLA; Elvin Hayes, Houston; Merv Jackson, Utah; Bob Lanier, St. Bonaventure; Calvin Murphy, Niagara; Jo Jo White, Kansas and Westley Unseld, Louisville.

The selections, made by the writers' nine-man awards committee representing the eight NCAA districts, are announced in the new issue of Look.

Others chosen for All America honors were Pete Maravich of LSU and Larry Miller of North Carolina.

Murphy, Lanier and Maravich, all in their first varsity year, gave sophomores an unusually large representation.

Size 22 Shoes

Murphy, a 5'10" guard, is a spectacular dribbler and shooter, who is sometimes defended by three opponents. Lanier is 6'11" and wears size 22 shoes. Known as the "Big Cat," he prowled the backboards for St. Bonaventure in addition to being the team's top scorer.

Alcindor, Hayes, Unseld and Miller are repeaters from last year's honor team. The incomparable Alcindor (7'1") was cited, among other things, for being partly responsible for the new college rule prohibiting dunk shots. Lew's ability to develop new shots to compensate for the rule change was another attribute the selectors noted.

San Diego—Navy Seaman Apprentice James R. Estey, son of Mr. and Mrs. Orville W. Estey of 1519 Ninth, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Some ninety Negroes were invited, laborers, professionals, executives, conservatives, and those identified militants, and the advocates of the violent side of the "Black Power" movement.

We chose to keep this organization within the confines of the Negro race, because we felt there were many reasons to doubt the sincerity of many of the white officials and race relation groups.

The purpose of this meeting was to find out some of the problems and some of the wants of our Negro youth.

During this meeting, it was decided that the existing agencies designated to do this job, have not done very much, and were not doing very much. After extensive discussion, it was decided that we form a steering committee made up of people from the following areas: Education, Religion, Grievance, Employment, Housing, Legal Redress Legislation, Law Enforcement, and Recreation.

In each of these areas, we have Negroes designated for resource and consultants. We have a going group of Negro women who are working in the same manner with plans to work out a summer program of activities for youth.

To the groups that are asking, "What can we do?" We ask that you do as we are doing. Work with us, help us to find and solve every problem that will be disclosed.
