Black Odyssey Offers Black Art and History

DES MOINES— The beautiful Cleopatra... author Alexandre Dumas... Garret Morgan, the inventor of traffic lights... the legendary African general Hannibal... Bill Pickett, a famous cowboy of the Old West... Matthew Henson, the first man in Perry's expedition to stand on the North Pole... all

these historically-important people shared one characteristic in common: all were Black.

This observation is only a small sample of the broad panorama of accomplishments and contributions encompassed by George Norman's Black Odyssey, an eye-opening

history and art exhibit which will be on display in the Cultural Centre during the "Spirit of Iowa '76" State Fair, Aug. 18-29.

The traveling exhibit, composed of about 400 pictures and narrative panels, paintings, clippings and sculptures, traces the achievements and

undertakings of Black artists, craftsmen, explorers, inventors, athletes, historical figures and politicians. Praised by many educators and historians as the finest collection of its kind, Black Odyssey grew out of a Sunday School project Detroit anthropologist Norman began in 1963. Soon he was invited to bring his exhibit into Detroit schools; when the National Education Association heard about it, he began taking it coast to coast. Since then Black Odyssey has been viewed by millions of people all over the country.

The exhibit is an explosion of fascinating facts of American history seldom mentioned in textbooks. For instance, one panel tells of Eliza McCoy, the Black inventor who developed a revolutionary concept in lubrication systems for heavy machinery. More than 75 patents appeared in his name for such things as drip

lubrication cups for locomotives. The cup saved so much time and money that buyers would ask, "Is this the real McCoy?"

Contributions of Chicanos, Indians, Spanish-American, Jews, Japanese in America during World War II, and other minorities are also included.

"So much of history has been omitted," Norman says. "The entire thrust of what I am trying to say is that not all Blacks were giants or heroes, but they did make important contributions to the world."

Black Odyssey will be open from 9 a.m. to 8 p.m. daily and creator Norman will be on hand to discuss his work with Fairgoers. The exhibit's presentation here will be sponsored by the Iowa State Fair and the National Association for the Advancement of Colored People of Des Moines, and funded by the Iowa Board for Public Programs in the Humanities.

Pictured here are members of the committee involved in the presentation of the Black Odyssey exhibit at the 1976 "Spirit of Iowa '76" Iowa State Fair. From left to right:

Second Public Hearing Set on Neighborhood Development

A second public hearing on the Neighborhood Development Program's 1977 Comprehensive Plan will be held at 6:30 p.m. Monday, Aug. 16, in the Des Moines City Council chambers.

The hearing will give Des Moines residents another opportunity to either support or disagree with the recommendations and proposals set forth through the six prime service areas, their six Neighborhood Priority Boards and the Central Advisory Board.

"The more support you can generate (for the plan), the more the City Council is likely to approve it," said George Cook, report

co-ordinator for Neighborhood Development.

Cook said that "probably 90 per cent" of the plan "will stand," or be approved.

However, he admitted that public hearings too often do not involve the persons most affected by such programs, "and it's too bad that they (hearings) do turn out to be form," he said.

"Form" means that the same persons appear, present the same appeals and plead for the same causes.

Upon review, the City Manager will make his own recommendations and then the City Council will act.

The 1977 comprehensive

plan covers the period beginning Dec. 1, 1976 and ending Nov. 30, 1977.

The comprehensive plan, according to a letter listed in the booklet submitted to Des Moines Mayor Richard Olson and to the city council, gives this financial breakdown:

A projected 1977 Housing and Urban Development Block Grant allocation of \$3,102,000, and "uncommitted carry-over funds" of \$557,657 from the 1976 block grant program; \$1,592,203 of Community Development funds "previously committed for projects," all combined with

Confusion Leads to William's Arrest in Skuffle with Officer

By Don Rhone

It started like any other bizarre situation: completely normal.

Mrs. Geraldine Williams was sitting on the porch of her home along with her son and grand-daughter, at 1334 Fremont, Des Moines, when she noticed "two Black guys talking to three White men" in a red pick-up truck.

One of the two Black men was her nephew, William Jewett, 19 of 1805 Allison Ave., and the other was someone she didn't know but who according to police was Derek Frazier, 20, of 2715 Carpenter. They watched as the red pick-up pulled away, leaving the two men, Frazier and Jewett, behind.

The two men, "sat out on the curb, almost in front of my house," said Mrs. Williams, and waited out the 45 minutes it took for the red truck to return to the scene. There were now four men in the pick-up.

The four men, Jewett, and Frazier began to converse, what they said couldn't be heard at that distance, said Mrs. Williams, "all we could tell was that (suddenly) there was a fight, and it looked like the four White men were beating up on the two Blacks."

Thinking it was nothing more than "some people

wanting to start something" Donny Williams, 18, "went to help his cousin," William Jewett. Who by that time "was wrestling on the ground" with one of the men from the pick-up. That man who according to Mrs. Williams was dressed in "old jeans and an old t-shirt," turned out to be detective Richard Jones.

Detective Jones, understandably, did not appreciate the manner in which Williams was assisting his cousin.

"Donny kicked him (Jones) and he came up with a gun," Mrs. Williams stated that the gun was pointed at Jewett.

Mrs. Williams, who had followed her son, and Jewett backed away, Jewett with his hands up.

"I didn't want to turn my Arrest

Morris Delegate To Republican Convention

James B. Morris, is among the delegates-at-large which will attend the Republican National Convention in Kansas City next week. He is an Iowa alternate delegate at large.

IEWS and **REVIEWS** by James B. Morris

The Old Way Must Go

Prior to the 1950's Negro churches and ministers played a large part in political campaigns. Well do I remember that at the Republican National Convention in Kansas City in 1928, there were more Negro delegates dressed in clerical attire than all the other southern delegates combined.

In those days, the Republican organizations from the south were pretty well controlled by Negroes and the churches were the prime gathering places for political meetings. And, of course, the congregation generally followed the lead of their pastor.

Things are different now. Most of the Republican organizations in the south are being taken over by white people, principally because the Democratic party in the north has taken a more liberal view of the rights of people under the Constitution and have not excluded Negroes from that effort. Of course, there are northern liberals as well as conservatives so the whole country seems to be balancing off on party membership.

Governor Carter's campaign manager in Oakland, California, did not realize that contributions made to Negro churches and ministers were required to be reported just like those to anything else. So he proceeded to distribute approximately \$5,000.00 among four Negro ministers and did not report it to the proper authorities.

It is not clear whether this money went to the church or to the minister but a statement from one of them sheds some light on what happened to this money. He stated, "When a preacher stands up in his church and talks about Jimmy Carter, he's working for Jimmy Carter as far as I'm concerned, and he should be paid for it... I don't work for no damn politician for nothing."

While ministers and churches should be interested as to what goes on in government and in politics, I don't believe that they should carry on political meetings in churches.

Today churches seem to be losing ground particularly in memberships and leadership and young people. And for this reason they should direct their energy and resources toward changing the moral tone of the country.

Small Units Help Only A Few

At political gatherings, generally a number of organizations spring up claiming that they represent a majority of the voters.

As the Republican convention assembles in Kansas City, Missouri, the Black Republican Council is holding a pre-convention session in order to demonstrate to the powers that be that they are the ones to look to in considering the Negro vote. While they stated that the organization would raise and spend its own funds, it appears that from the literature being sent out that the National Committee is footing the bill.

A group known as the Committee of One Hundred is sending out literature calling on Negro delegates to listen to their message for the same reason as the Black Council.

I have never favored black political organizations that operate separate and distinct from the National Committee and which attempt to finance themselves.

It takes a lot of money to run a national organization. These groups will find that raising their own funds is no easy job and finally they go back to the National Committee for help.

The National Committee should employ negroes in the campaign headquarters, to help raise funds and make plans to run the party. This is the way other groups operate and there is no reason why they should be an exception.

I do not support the idea of a number of small groups trying to work on the side in order to show themselves capable of lining up the votes and collecting money for it for all of the work should be done through the national committee.

Pursing The Un-Committed Delegate

Indescribable pressure alternating in technique between carrot-honey and the bullwhip-lash, is being placed upon uncommitted delegates to the Republican National Convention.

Between 115 and 125 uncommitted delegates remain. A few of these are Blacks, and pressure from both the Ford and the Reagan camps has zeroed in on them. The two contenders and their adherence give the impression that the uncommitted are egotistical people who ought to be pampered, or who seek personal commitments for their precious support.

It does not occur to Ford or Reagan that there are many principled people who are uncommitted, even at this late date, who have not yet been satisfied with the Reagan pseudo liberal conservative program or the Ford pseudo conservative liberal program. Many of the uncommitted represent those few hardy souls who were elected in congressional districts where the Republican spirit of Lincoln, La Follette and Wilkey abounds; these constituencies recognize that in the political tug of war which will occur for the GOP Presidential nomination in Kansas City, rebuffs chance from moving the Grand Ole Party away from the rock ridges of ultra conservatism toward the liberal demands of the ripon society is to hold firm to their demands for substantive liberal party commitments in this hour of crisis for Ford and Reagan, two politicians who have compromised liberal Republican principles to their shoe tops for the right to ride the elephant into the White House.

The Black uncommitted come from the liberal Republican constituencies who recognize that the administrations of Richard Nixon and Gerald Ford have literally been backing into the future, programming rugged individualism while denying the cries of the masses of unemployed, the ill-housed, the ill-educated, the sick and the needy, and especially the very grave problem of Black adolescents whose unemployment level is 40.5 percent or three times that of their White counter-parts.

For those courageous uncommitted Blacks, we

In 1965, a new agency was brought into being in Des Moines called Polk County Community Action Agency, now called Greater Opportunities, Inc. We were called an anti-poverty agency and our purpose was not only to work at the elimination of poverty, but to set up a mechanism whereby the disadvantaged and minorities could begin to have a voice in making decisions in areas of service and government that affected their community and lives.

I was then one of the volunteers in the program working with a very small staff to begin to design a way to set up neighborhood centers in all the target areas in Polk County. This was established in 1966 and Head Start was one of our first programs.

Persons who had been refused employment elsewhere, people who were not aware of community resources, people who were ashamed because they lacked education, or were welfare recipients, senior citizens, the forgotten people, youth, with no where to go, were all incorporated into a body in their own community and given an opportunity to explore avenues of education, employment and most of all understanding of their needs because of this organization.

urge them to hold firm and demand that the Republican Party reject a governmental agenda whose every act supports the acquisition of economic wealth and political power for the rich and the greedy, while lending nothing but the trickle down pabulum from their favored class prosperity to satisfy the hunger, the unemployment aspirations, the need for housing and adequate medical care of the masses and the needy.

Those courageous Blacks and other uncommitted render a service to the Republican Party greater than their knowing. Some non-Republicans even believe that the fate of a viable two-party system in the nation rests upon their seeming intransigent which is ingrained in a cause rather than personal egotism.

letters to the editor

Ten years have passed. We have produced teachers, social workers, senior citizen programs, youth employment and recreation, adult education centers, better homes for many, promoted family togetherness, fed the hungry, and secured shelter for many.

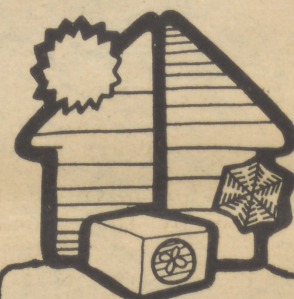

We have also trained many persons who are now gainfully employed by many agencies who are attempting to give some of the same services today.

We have not solved all the problems, nor have we eradicated poverty, because the Bible says, "The poor are with you always."

But we have many stars in our crown to light the way to more services to people who help to make their own destinies.

I am proud to be an employee and share in the success of Greater Opportunities, Inc.

The all seasons... all electric... comfort machine

The electric heat pump is like a furnace and a central air conditioner rolled into one. In the summer it operates like an electric air conditioner. In the winter, it automatically reverses itself and pumps warm air into your home.

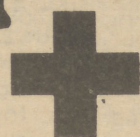

And the interesting thing about a heat pump is that except for a few of the coldest days of the year, it furnishes more energy in the form of heat, than is put into it in the form of electric power. That means energy savings for you.

Call your local Iowa Power office or your "certified electric heat pump dealer" and ask them to tell you why we think...

The time is right for electric heat

Endorsement Procedures for Women Candidates Set

Endorsement procedures for women candidates in Iowa have been announced by the Iowa Women's Political Caucus "Win with Women" Campaign Support Committee, according to Peg Anderson of Cedar Falls, chairperson of the Caucus in Iowa.

Campaign funds for the fall elections will be allocated to multi-partisan women candidates for county, state and national office who have been endorsed by their local caucus or the state steering committee, Anderson said.

"Applications for endorsement should include a statement of commitment to women's issues and an indication of past efforts on these issues, especially as they relate to priorities of the Iowa Women's Political Caucus," Anderson stated.

"If applicants are not already members of the caucus, they should indicate a willingness to join and to make their membership and endorsement publicly known," she added.

Candidates should apply to their local Caucus, with a copy of the application sent to the Win with Women Committee, P.O. Box 1941, Des Moines, Iowa, 50306. If there is no local Caucus,

applications should be sent directly to the committee in Des Moines.

Application for endorsement and funds should be made no later than Sept. 1, and allocation of funds will be made by Oct. 3, with additional allocation possible if more money is raised after that date.

Various elderly individuals in the hearing areas are being selected to testify. Testimony will also be heard

at the Winterset hearing from Dr. Woodrow Morris, Chairman of the Iowa Commission on Aging, and at the Rockford hearing from former Iowa Governor Robert Blue, of Eagle Grove.

Interested members of the public are welcome to attend any of the hearing sessions.

Testimony will center on such areas as transportation,

The hearings are the first of a series of hearings on rural elderly problems which the Committee will be holding this year and next at various points around the country.

Number of Elected Blacks Shows Slow But Steady Growth

The number of Black elected officials in the United States continues to increase, according to a recent survey by the Joint Center for Political Studies.

The 1976 edition of the Joint Center's **National Roster of Black Elected Officials** lists, 3,979 Blacks in elective office as of June 30 in 46 states and the District of Columbia. The total represents an increase of 2,794, which more than triples the number of Black office holders since 1969 and an increase of 476 (14 percent), since the 1975 Roster was published. There were 1,185 Black officials counted in 1969 and 3,503 listed in the 1975 volume.

Despite the steady increase of Black elected officials over the last seven years, the 1976 Roster shows that Blacks—who are approximately 11 percent of the U.S. population—continue to account for less than one percent of the more than 522,000 elected officials in the nation.

The southern region of the country, which includes 16 states and the District of Columbia, contains the largest number of Black elected officials. The south has 53 percent of the total Black population and accounts for more than 57 percent (2,300) of all Black elected officials.

This total for the south

includes 46 percent of all black state-level officials, 76 percent of Black county officials, 63 percent of Black municipal officials, 50 percent of black law enforcement officials and 48 percent of black school members.

North central states account for 20 percent of the total black population and about 24 percent (938) of all black elected officials.

The northeast, with an 18 percent Black population, has 13 percent (514) of all Black elected officials, while the west, with nine percent of the total Black population has six percent (227) of all Black elected officials.

The 1976 Roster shows that the largest increase in Black elected officials is found in the District of Columbia where 184 Blacks were recently elected to the newly created Neighborhood Advisory Commission. The Neighborhood Advisory Commission, a relatively new concept in local government, is one form of decentralization. Commissioners advise local government officials on matters of neighborhood concern. The total of Black elected officials in Washington, D.C., is now 205 compared to only 20 in 1975.

Without the District's increase, the 1976 Roster would have only shown an eight percent national

increase in Black elected officials over the 1975 Roster total.

Illinois ranks number one among the states with the largest number of Black elected officials, with 271. Louisiana with 250, ranks second and Michigan ranks third with 245 Blacks in elective office. Other states with large numbers of Black elected officials are: North Carolina, 218; Mississippi, 210; Arkansas, 209; and Georgia, 204. There are no Black elected officials in Hawaii, South Dakota, Utah or Vermont.

Ali receives valuable "M.I. Hummel" plate.

Ali Collects More Than His Opponents' Heads

Although busy training to defend his World Heavyweight Championship against Ken Norton at New York's Yankee Stadium on September 28, "The Greatest," Muhammad Ali, still finds time to delight in some of the finer things in life. One specific item he admires is the rare 1971 "Hummel" Annual Plate crafted by West Germany's W. Goebel Porzellanfabrik.

When he appeared in Munich this past May to defeat Richard Dunn in five rounds, officials at W.

Goebel learned that the indestructible, rugged Ali was an avid collector of the delicate "M.I. Hummel" creations. They discovered, too, that the champion's personal collection lacked the 1971 Annual Plate.

With collectors around the world known to offer as much as \$600 for the rare plate, an effort was made to locate one for presentation to Ali. Eventually, one was uncovered in the private collection of Wilhelm Goebel, and was presented to Ali by Rainer Mueller.

more than \$7 million of "anticipated funding from other sources" to make a total of about \$12.5 million.

Many of the programs in the 1977 plan have been already in existence, and are being submitted with the hope that the city, which allocates monies, will do so again.

There are also new programs, which include:

— a 312 Loan Administration program to provide assistance through low interest rehabilitation to property owners "who are not otherwise eligible for Community Development funded programs";

— a Rehabilitation study, a Southeast elderly housing study and an Irving (Model City) neighborhood study;

— a Four-Mile Floodproofing grant, for homes situated at or near the Four-Mile Creek floodway;

— a Fair Housing program for the handicapped, which would provide for the completion of "at least one housing project" for them;

— Neighborhood Housing Services, which would provide ways to "maintain and conserve existing housing" in certain neighborhoods;

— Special Service Transportation, which, "by improving accessibility to jobs, services and neighborhood activities," would attempt to "stabilize deteriorating neighborhood conditions, reduce isolation and expand economic

opportunities".

Already-in-existence programs include:

— Concentrated Neighborhood Rehabilitation, which is attempting to rehabilitate homes in areas of the city not completely overrun by "blight";

— Supplemental Rehabilitation, which provides Emergency Repair grants to the elderly and Home plumbing hookup;

— Vandalia Acres Relocation, which provides for relocation of families

living in certain segments of the southeast prime service area;

— Services to Homeowners and Renters (SHARP), a housing counseling service;

— Homes of Oakridge, and,

— Model City Cultural and Recreational Center, rat and pest control, neighborhood foot patrol, occupational upgrading and other, similar services and programs.

The six prime service areas are Woodland-Willkie; Pioneer-Columbus; Four Mile; Logan; Southeast and Model City.

Football Classic Salutes NCNW

Yankee Stadium, New York City ... In a Bicentennial celebration of its own, the New York Urban League's theme for the 1976 Football Classic is "A Salute to The National Council of Negro Women in honor of Mrs. Mary McLeod Bethune." Mrs. Bethune, founder of Bethune-Cookman College, was an outstanding stateswoman of international acclaim; advisor to presidents of the United States; and one of the most distinguished women in American history. Mrs. Dorothy I. Height is president of the National Council of Negro Women.

Announcement of this year's Classic was made in the Lindsay Room at Yankee Stadium. Presiding at the press conference were Mrs. Cyrus R. Vance, president and Horace W. Morris, executive director of the New York Urban League. Other notable New York Urban League officials in attendance were Board

Chairman George M. Brooker, and co-chairpersons of the Football Committee, Rita Robinson and Claude "Buddy" Young.

The Classic will present not only a battle of conference champions, but also a battle of states. Bethune-Cookman College of Daytona Beach, Florida are co-champions of the Southern Intercollegiate Athletic Conference (SIAC). Norfolk State College won the title of the Central Intercollegiate Athletic Association (CIAA) and will represent the state of Virginia.

As usual the Classic will mean a "big fun" weekend in New York City, especially in the Black communities. A spectacular parade featuring the marching bands of Bethune-Cookman and Norfolk State, as well as outstanding marching groups from the Metropolitan area, will strut up Adam Clayton Powell, Jr.

New Soul Program Designed to Fill Void

Portland, Oregon (Special) "Soul Control- U.S.A.", A newly created weekly radio program will be making its debut later this year.

The program will include a nationally compiled top 20 countdown, sneak previews of new releases from the rhythm and blues industry along with intensive insight about the music and artist.

Creator and host of the program, Roy Jay, said that "The reason behind "Soul Control- U.S.A." is because many stations from coast to coast do not have any specialty programming dealing with soul/disco, which has shown an upward trend in universal popularity during the past five years."

"Soul Control- U.S.A." is "designed for both stations that are presently broadcasting either all R/B or rock and soul" Jay said.

The 90 minute program is developed, marketed and represented nationally by Underwood-McClain and Associates, Portland, Oregon.

Spokesmen for Underwood-McClain and Associates say that a periodical covering specifically soul and jazz is also being planned for future release.

Cave, who is also a clinical professor in anesthesiology at Columbia University's College of Physicians and Surgeons.

"Our resolution supports the implementation of widespread screening programs across the nation

The Gateway Dancers: A Shared Experience

The Gateway Dance Theatre performance last Saturday afternoon was an example of art by and for the people—a special treat for ministers and wives attending the 4th Illinois Episcopal District Conference of the A.M.E. church.

Judging by the comments heard afterwards in the lobby of Holiday Inn, the dancers gave one of their best performances and received not only vigorous applause but personal expressions of appreciation.

"Amazing Grace brings a lot of understanding without words" commented Rev. Richard D. Smith, a delegate to the District Conference, who attended the performance. Bishop Robinson, also a delegate to the conference, voiced his opinion that it was "something which expresses

Miss Riperton's warm acceptance included genuine tears of appreciation as she thanked the voters who made up her vast audience, as well as those people through the years who have advised and encouraged her to become one of America's most popular entertainers.

The ceremony, which was produced by Edgar Charles, will appear as part of the Merv Griffin Show again this year. Griffin allocated a full hour to these awards which he feels is an important part of the American music scene. The show will be aired sometime in early September.

Our Sunday evening services were blessed to have Reverend T. R. Brown and the Our Saviour Baptist Church congregation join in. Reverend Brown spoke from John 14:1, "Let Not Your Heart Be Troubled." If you live in God's Will you can overcome all heartaches and troubles.

Sunday school is at 10:30 with worship services at 11:30. The Book of Acts is Sunday evening at 7:00. Prayer meeting is Wednesday evening at 7:00. Sewing class is Saturday at 2:00. Join us soon and see how the Lord is pouring His Spirit on our services.

Occupational Handbook Looks into the Future

By Victoria Richter

Did you ever want to look into the future? Find out where the good jobs will be, which occupations may be gone? Even though you may be working now, what are your alternatives if you want to make a change in your career?

While no one can accurately predict the future of jobs, there is a book that comes close. You can look at it in the Mid-City library or the Urban Center Library; it

is the 1976 Occupational Handbook. It answers questions on hundreds of occupations such as: what does a person actually do on the job; what abilities and interests does the job call for; what kind of schooling and other training is required. And most importantly, what will be the job opportunities in coming years?

with a

LOOK
ON SPORTS

In spite of all of the changes, postponements and such, we are rolling towards our twenty-eighth Hilltop Open tennis meet. As it looks now, we will have a good draw, nearly as large as last year. There are an unusually large number of people who came from the surrounding states, Minnesota, Missouri and Nebraska. I think that if we could have held the thing on the date we wanted first, we would have had even more out of staters. We lost some people because several of them planned their vacations around our meet, and the change in dates left them out. Then we have something we haven't had in years, a large number of Black players, and some of them from out of state. This is something we had been trying to get for years, and at last they are coming in. We are not really looking for many if any champions out of these people, but it does what the late Charley Howard used to tell Brother Bill and me to do. Get into these things, even if you know you don't have a chance. Keep the door open so that some day a guy will come along who does have a chance, and he can get in because you fellows paved the way. So we kept the door open for nearly forty five years before anyone broke through. But the thing about that was that it was treated as I thought it should have been. No fuss about being the first Black to make it.

When this thing was first started, we had to have help from the Des Moines Tennis Association and were taken in as a part of it because we as a Black club couldn't get a sanction from the USLTA. In fact, they talked about ostracizing the Des Moines club for letting us in. The president of the local outfit, Ray Tillotson, and the Iowa prexy, Sterling Lord Sr. told the district organization what they could do with their membership if we couldn't get in, because there was nothing in the rules that told members how to choose their groups. The fuss died down and that was that. But we were afraid that in some way we would lose control of our meet, so we insisted that the finals be held at Good Park and they have been to this day with one exception when those courts were being worked over. It may come to that this year if the things aren't patched up pretty quick. But, come September, there will be a big push to get the Good courts resurfaced. We took care of them so they outlasted the others, and up until this year had the best courts in town. Maybe we can do it again if the city cooperates.

And speaking of keeping doors open, there are a couple of fellows who are

doing that in golf. I don't know if there are very many Black golfers, but Moses Woods and Matt Campbell do what we used to do. They get into all the meets they can. They aren't up among the top players, but they are far from last. They have respectable scores, and one day one of them is going to get hot and make headlines if he can stand the pressure. But they are making it possible for a really good kid to come along and get into the meets without attracting a lot of attention because they have been there before.

After our Hilltop Open comes the Hilltop closed. This is for fellows we know who work and can't always get into the big one, but want a meet. The competition in this one is really fierce, not because they are playing for the title, but because they all want the bragging rights that go with winning the thing. And they are really so equal that last year I wouldn't have known how to seed them if I had wanted to do so. But, now there might be some sort of placement and seeding arrangement worked out, but don't bet on the number one or two seeds meeting in the finals as they are supposed to.

back on him," declared Mrs. Williams, who said that the man had "leaped to his feet with such an angry, deranged look you could tell he was gonna be violent."

By this time Mrs. Williams began screaming for the police, not realizing that the police were already there, and trying to get back to her grand-daughter and "get her back inside" the house.

Once inside Mrs. Williams was too upset to dial to call for the police but guesses that the two teen-aged kids who were riding their bikes must have heard her and called from a nearby Dairy Queen.

Still inside the house she said she'd heard her son yell, "get down, get down!" and then a shot.

"I didn't hear anyone call halt," she told the Bystander nor had anyone told her that they were a policeman.

When recognizable police arrived on the scene Mrs. Williams attempted to explain what had happened. She was told that she'd "said enough" and would get her "say" later. No effort was taken to get her name or address, she was not questioned.

Mrs. Williams told the Bystander that the three men in the pick-up were detective Jones' nephews. The gun, she said, did not come out of a holster. There was none. Nor was it a regular police gun but, "some tiny gun."

C & P Vending

C & P Vending Softball team, managed by Bob White Sr., has once again qualified for the state softball tournament, the sixth time it has managed to

qualify in the six years it has been in existence.

The state tournament will be played at the Birdland softball field Aug. 19 through the 22nd.

The team sponsored by Don Carpenter, will play their first game Thursday, Aug. 9, at Birdland softball field.

To date C & P Vending has won forty-seven of its sixty-two games, losing fifteen. Gus Guydon pitching won thirty-one games, losing fourteen. Sy Forrester pitching, won sixteen losing one.

Pictured above, from left to right are (bottom row): Moe Eubanks, Steve Forrester, Ben (Adolphus) Edwards, Ralph Trumbo, David Calderon and Mark Humprey. Top row: Bob White, Sy Forrester, Gus Guydon, Willie Herndon, Taniel Govan, Jessie Kidd and Pierre Blackwell.

Edwin Moses, Black Gold

Edwin Moses, Morehouse College's outstanding intermediate hurdler, ran the race of his life to win the Gold medal in the Olympic Games held in Montreal, Canada. Winning the gold medal for the United States track team, Moses set a world record of 47.64 seconds.

The remarkable feat of Moses was accomplished even though he has only been running this race since April. Asked if he could lower his record time, he answered, "I don't have a

good start, so maybe when I get myself up to it again, I can lower the time. I planned to run 47.5, so 47.6 isn't too bad. With the bad start I had to go all out around the entire (last) turn and the stretch."

A graduate of Fairview High School, Dayton, Ohio, Moses received a Dual-degree Engineering scholarship to Morehouse College and is also the recipient of the National Merit Letter of Commendation.

who called the police for his mother, not knowing that the two teen-agers had also called, and then returned to the scene of the crime.

Jewett told Jones that he didn't have to shoot, said Mrs. Williams who said that Jewett was shot in the vacant lot next to her home. Jewett said that he didn't know that Jones was a policeman. Jones is said to have replied that he had informed Jewett that he was a police. Donny replied that Jones had not.

It was then that Williams was placed under arrest.

"The policeman said it almost as an after thought," said Mrs. Williams, who had also returned outdoors. "He (Donny) would have been alright if he'd stayed inside."

"They didn't read me my rights when they handcuffed me," said Williams. They didn't read him his rights until 11:00 the next morning. How does the story end? Like this:

William Buford (his mothers name, he uses his fathers name — Jewett) was treated for a gunshot wound at Broadlawn hospital and charged with receiving and concealing stolen property and resisting arrest.

Donny Williams (mistakenly identified by police as Joseph Williams) is out on bond and charged

with assisting an escape from a police officer.

Derek Frazier surrendered himself Friday evening and was also charged with receiving and concealing stolen property, assisting in an escape from an officer and altering a manufacturing serial number.

Police officials are, "investigating the circumstances surrounding the shooting of the suspect."

"They've turned the whole thing around," sighed Mrs. Williams, who understandably just doesn't understand.

\$8 Million Paid Monthly by Social Security

Social security benefits were being paid to residents of Polk county at a rate of \$8,024,351.00 a month at the start of 1976. William R. Durst, social security manager in Des Moines, said today.

Of the 40,756 social security beneficiaries living in Polk county, 23,364 are retired workers. Another 3,173 are receiving benefits as disabled workers, and 14,219 are getting benefits as

dependents of retired workers, and survivors of workers who have died.

In Polk county, 13,056 people under age 65 and 27,700 people age 65 and over are receiving monthly social security benefits. Of total beneficiaries 12,904 are men, 22,305 are women, and 5,547 are children. The children receive payments because a working father or mother has died or is getting social security disability or retirement benefits.

The IOWA BYSTANDER has made arrangements with the Des Moines office of the Social Security Administration to answer questions for our readers about social security and Medicare. Send your question to Social Security Representative, Room 293 Federal Building, 210 Walnut Street, Des Moines, Iowa 50309.

QUESTION: I have a severe kidney disorder and need special treatment. I've always been under civil service and have no social security earnings record, but my wife has. Can I get help from Medicare in paying for the treatments?

ANSWER: If your wife has worked long enough under social security, you may be eligible for Medicare on her record. Medicare helps people under 65 who need long-term dialysis or a transplant for permanent kidney failure. Call or write any social security office for more information.

QUESTION: I have a wife and three children. My physical condition is getting progressively worse, and I

was thinking of applying for social security disability benefits. About how much can we get?

ANSWER: The monthly benefit amount is based on a worker's average earnings over a period of years. The average social security disability payment to a disabled worker and family is \$475 a month. The average payment to a disabled worker alone is \$242 a month.

QUESTION: I get SSI checks because of my disability and recently received a questionnaire to fill out. Since my condition hasn't improved, why must I answer these questions?

ANSWER: The law requires social security to ask everyone who gets SSI checks certain questions from time to time. This helps us make sure beneficiaries are still eligible for these payments and that checks are issued for the correct amount. Although your disability hasn't changed, there could be changes in your income, resources, or living arrangements that could affect the amount of your SSI check.

**FCC
COMMISSIONER**

And now the work to make more complete our recently released Equal Employment Opportunity guidelines to the broadcast industry must begin. Don't get me wrong. I think, overall, this guideline package is a good one. For it spells out in some detail those things we expect our licenses to do in order to be good broadcasters, obey the law and stay in the Federal Communications Commission's good graces.

For alone among the powerful Federal regulating commissions (the ICC, FCC, FTC, FAA, SEC, etc., for example), the FCC has had an EEO program for some time. The others have none.

And this present package merely represents another step in the evolution of a policy that dates back to July 3, 1968. At that time the Commission announced it would henceforth consider discrimination in employment by broadcasters to be incompatible with the public interest — as much as a violation of our rules as, say failure to keep proper logs, violations of power constraints, the Fairness Doctrine, the promise to do one thing and not live up to it in terms of performance, or to engage in (horrors!) double billing.

I believe this new guideline package emphasizes a positive view and that my fellow commissioners' hearts were in the right places in

enacting it. Having said that, however, does not mean I am happy with all portions of it. Indeed, I have several serious problems with it in terms of the reporting demands it makes on our licenses and I have so stated in a statement that at once concurs heartily with and dissents vigorously from the majority Commission decision.

In my statement I said, "I dissent from the majority's Order raising the exemption level to 10 full-time employees where five or more previously had to file" written equal employment reports every three years at renewal time. The majority pointed out that under the 10-employee exemption, 91,889 full-time work force would be covered.

But this country has 8,506 broadcasting stations and before we issued the present guidelines, only 1,809 were exempt from filing EEO written reports at three-year renewal time. This new threshold of 10 or more exempts another 2,789 broadcasters for a total of 4,598 (Figures compiled from employment forms 395 for 1975)! At this rate, we could continue to issue EEO guidelines and by the year 1984, cover 90 percent of the work force and only 10 percent of the broadcast stations!

The present exemptions mean that about 70 percent of the nation's broadcast stations, including most public stations, will not have to file written EEO statements at renewal time.

Similarly, the majority Order exempts stations with fewer than 50 full-time employees from filing job title information. I strongly dissented here also, for I wanted this provision to apply to stations with only 25 or more.

The job title provision is highly important for it requires broadcasters to present an annual program on recruiting techniques and source, training efforts, etc. It will require analysis of the broadcaster's promotions and hiring and reasons for disparities that may exist between the percentages of minorities and women on the station's staff and their presence in the community.

This shying away from making smaller stations file both the written reports at renewal time (10 or more full-time employee stations) and the (50 or more) requirement for filing annual job titles, etc., does grievous injury, I believe, to our whole concept of equal justice under law.

And it seems, ironically, to treat the filing requirement as if it were a penalty that big stations should alone carry, rather than a positive affirmative national effort to alleviate inequality and injustice that all in the industry should shoulder. (NNPA)
