NOTICE OF FARMERS UNION MEETING

This is an invitation for you and your family to attend a Farmers Union meeting at the Sheldahl Consolidated School in Sheldahl on Friday, September 12th at 8 p.m.

This invitation is being sent to members and non-members who have shown interest in the Farmers Union. Many families around Sheldahl are members now and the purpose of the meeting will be to present the program of the Iowa Farmers Union, answer questions concerning the organization and establish a Farmers Union Local in the Sheldahl community.

The Iowa Farmers Union has almost single handedly exposed the plans to eliminate several million small farmers. We make no pretense of representing the big farmer. We stand alone among farm organizations for 100% of parity and for peace. Last spring when hogs and eggs were going down, the Iowa Farmers Union was one of the few farm organizations which called on Secretary of Agriculture Brannan to step in and support the price of these commodities. There is every indication that hog and egg prices will take another plunge this fall and winter.

The Iowa Farmers Union is an organization of only farmers and we need your help to carry on this fight.

Women are equal members in the Farmers Union with the men. Bring your family and neighbors. Everyone is welcome.

Lunch will be served.

Fraternally,

Merle Hansen
Fieldman
