DEPARTMENT OF RESEARCH AND EXPERIMENT STATION

TUSKEGEE INSTITUTE, ALA.

January 12, 1920.

Dr. L. H. Pammel,  
Iowa State College,  
Dep't of Botany,  
Ames, Iowa.

My dear Dr. Pammel:-

I wish to thank you for your delightful letter of recent date. I am glad to know that you had the privilege of attending the "American Association Meeting for the Advancement of Science" held in St. Louis; it must have been very inspiring. I am always glad to hear of you getting away from "Ames" for a little while as more people should really know you and come in touch with you; it would be such an encouragement for those who are just beginning to enter the scientific field of life; a person as well equipped as yourself, doesnot know just what that means to the young boy or girl who is aspiring in that direction; you will never know in this world just what your life has meant to me.

With kindest regards to Mrs. Pammel, I am,

Yours most sincerely,

*G. W. Carver*

Director Dep't of Research & Experiment Station.
