My dear Prof. Pammel,

We are just planting Okra down here, so therefore I cannot any of the same plants for at least a month, and up to date I have been unable to find the dry stalks,

I will continue to look and if I can get any will forward them to you with pleasure.

With sincerely good wishes to yourself, Mrs. Pammel & Children,

Yours very truly

Geo. W. Carver.

P.S. I think Prof. Pammel that you owe me a visit, wish you come this summer?
