My dear Dr. Pammel:-

This letter will introduce to you my pupil
Mr. John W. Sutton.

I gave him special instruction along
botanical, and other nature study lines; he did
the work so well that I am anxious for him
to meet the one who helped and inspired me
to do original work, more than any one else.
Any suggestion you may give him will be
greatly appreciated by me.

Sincerely yours,
Geo. W. Carver.
