 prominent men*

Dr. L. H. Pammel
 Department of Botany
 Station A
 Ames, Iowa

My dear Dr. Pammel:

I wish to thank you for your beautiful letter of recent date which I have enjoyed so very much. The copy of "Prominent Men I have Met", reached me last night and I have read it with a great deal of interest. What a beautiful piece of work. It is so full of human interest and so inspiring. I am not surprised, however, as this is just what I expect coming from your pen. I cannot tell you how much I appreciate this little volume.

I have just written Prof. E. F. Guba, Massachusetts Agricultural College, Waltham, Massachusetts. I told him how very interesting and informing the little volume is. This is the Professor whom I asked about who was at Cornell University, Ithaca, New York, in the Plant Pathology Department.

I certainly wish you and Mrs. Pammel a most wonderful holiday season. I regret to state that I shall not be able to spend Christmas here as I must be in Windsor, North Carolina at a big peanut exposition. My peanut ~~exposition~~ ^{Products} will be there.

With sincerely good wishes, I am

Very truly yours

G. W. Carver
