Prof. W. H. Miller,
 D. S. Co. Ames, Iowa

My dear Prof. Miller:-

How happy I am to note through "The Alumnae" that such a signal honor has come to you.

I most heartily congratulate the Engineering Faculty in honoring themselves in this way.

I have such delightful, and grateful memories of the service you rendered me as a struggling, rather backward and unpromising student.

What little I have been able to accomplish has in no small measure been due to your patience and tireless energies.

Most sincerely yours,
 G. W. Carter.
