My beloved teacher Dr. Pammel:-

Thank you for your good letter of recent date,
I am glad the specimens will be of service to you.

I am especially anxious to hear more in detail of your
35th Anniversary. Had I known in time I would have
tried to come.

You will be pleased to learn that the plans are all
perfected for a \$270,000.00 plant to be erected
about two miles up the creek from Chehaw, where you
changed cars for Pushrope, 150 acres of land has already
been purchased containing choice beds of clay brown
which the plants will be made.
Sincerely yours,
Geo. W. Currier.
