

July 12, 1907.

Mr. George W. Caver,

Tukegee Institute, Alabama.

My dear Mr. Caver:-

Your favor of July 2nd at hand and I was glad to hear from you. I think I could use the Okra a little later in the season as we wanted it for the class in histology, then you could put up a half dozen plants, simply the stems, and send them to us.

The children and Mrs. Pammel are all well and send their kind regards.

Yours truly,
