

June 18, 1924.

Mr. George W. Carver,
Tuskegee Institute,
Tuskegee, Alabama.

Dear Professor Carver:

I certainly appreciate your warm letter of June 8. The large amount of work on hand has prevented me from answering it sooner, but I appreciate the many kind things you say, from the bottom of my heart.

I saw a nice article in the Des Moines Register the other day in regard to your work and I have preserved it for the college history. I shall deliver your message to Mrs. Pammel.

Yours truly,

P/T.
