Prof. Geo. W. Carver,
Tuskegee, Alabama.

Dear Prof. Carver:

Thank you for your fine letter. I regret, of course, that it will not be possible for me to pay you a visit. We start for home on the 15th.

We are enjoying the many fine plants down here in Florida. This is a paradise for the botanists.

With my kindest personal regards, in which Mrs. Pammel joins me,

Yours truly,

P/H
