Geo. W. Carver,
DIRECTOR DEPT OF AGRICULTURE
AND EXPERIMENT STATION.

TUSKEGEE, ALA., 8-12 1898

My dear Prof Pennell,

your esteemed favor of a few days ago
at hand, and I assure you I appreciate your
words more than you can imagine
I send you by today's mail 25 C. C. for you
to look over and verify for me. Please return by
Serb. No. of course you are to keep the specimens
I will send you more as soon as I can get them
ready. I have written the introductory & my
paper and will wait until I get word from

8/12/1899

you before & write the doubtful species
up. It is extremely hot, think we will have
raize this afternoon & have some rare
Cer Caspar as.

While at school and even since & have
been away & have studied your characteristics
with pleasure and profit and I think it
there is one thing more than another that
stands out prominently, is your unselfish
desire to help some one.

With best wishes to all

Geo. W. Carrer
