

September twenty-fourth,

1919.

Professor Geo W. Carver,
Tuskegee, Alabama,

Dear Professor Carver:-

I wish to thank you for your letter of September thirteenth which came in my absence. I am looking forward to the receipt of the specimens when you can get around to send them.

Mrs. Fammel, Lois, Harold and myself constitute the only part of the family at home now. Lois and Harold are in college.

Yours truly,

LHP/EMT.
