Prof. Charles Carver,
Tuskegee Institute,
Tuskegee, Alabama.

Dear Prof. Carver:

Thank you for your letter of January 31st and for the write-up about the Windsor, North Carolina, exhibit, which I am glad to get for the College History Committee. I am always glad to get such matter.

This letter will be mailed from Ames, though Mrs. Pammel and I are in Gainesville, with our daughter and son-in-law, Mr. and Mrs. Seal. We hope to remain here until the middle of March. We are enjoying the beautiful sunshine and the spring flowers.

With our best wishes,

Yours truly,

P/H
