Geo. W. Carver,
DIRECTOR DEPT OF AGRICULTURE
AND EXPERIMENT STATION.

TUSKEGEE, ALA., 4-29-1899

My dear Prof. Pammel,
Hope you are all well and
happy. I am as well as usual,
& was indeed pained to hear of the
death of Robt. Combs.

Do you think my work on the germination
of palm grains with drawings would be
acceptable to the Acad. of Science, or
what subject would you suggest?
I did the work while under your
supervision.

Come to all.

Very Respy,

Geo. W. Carver.
