DIRECTOR DEPT OF AGRICULTURE  
AND EXPERIMENT STATION.

TUSKEGEE, ALA. 9-7-1890

Dr. L. H. Pammel,

Ames Iowa,

My dear Prof. Pammel,

Your very kind letter has just reached me, and in reply will say that you are a much better judge of Cameras than myself, and any good one that will answer the purpose will do, of course I should like to have a first class one also the same respecting the micrometer. My microscope is of the Continental pattern (Bausch & Lomb.)

I appreciate your kindness very much and trust I will be able to do something in the way of remuneration, by sending you specimens.

Yours very truly  
G. W. Carver  
Best wishes to Mrs. Pammel & the children.
