Dr. S. H. Pammel,
Ames Iowa.

My dear Prof. Pammel:-

Many thanks for your kindnesses
& shall keep the plants you desire in mind
and secure as many as possible for you.

Prof. I have thought seriously about
my Phano. Collection of plants, and think
in best as I expressed to you some time ago
(which there) that I ought to give it to some
school, The insects are doing a serious
damage now.

Seriously what do you think of it?

My efforts are now being directed along
the lines of fungi, which I find is all that
I can well care for.

Yours very truly

Geo. W. Carver
