My dear, Dr. Pennell,

I am very grateful to you for your kindly advice respecting my Herb. The letter was very timely, I laid the matter before the Fin. Com. together with your letter and the school wishes to keep it, and I think will make suitable provisions for it. If they do not I will let you know.

I had a delightful visit on last Thursday from Mr. Leontine R. Bull, He seemed to be very much pleased with our work in this particular Dept.

We had 5½ in. of snow last Sat. week which was a very great surprise to us.

My very best wishes to my friends

Yours most truly

Geo. W. Carver.
