Ans. 10/20/1902.

Dr. L. H. Pammel,  
Ames, Iowa.

My Dear Doctor Pammel:

I have your favor of October 7th asking for fifty specimens of our most prominent weeds. I shall take pleasure in collecting these specimens for you myself as I can do so in passing around here and there.

I looked for you at the meeting which was held in Atlanta on the 7th. I saw Professor Curtis and Professor Bissell whom, of course, I was glad to see. Sorry I did not see you. I had a very pleasant time.

I am always glad to render you any assistance within my power. With very best wishes for your family,

I am,

Yours very truly,
