Tuskegee Normal and Industrial Institute.

GEO. W. CARVER,

DIRECTOR DEPARTMENT OF AGRICULTURE
AND EXPERIMENT STATION.

Tuskegee, Ala. April 16, 1904

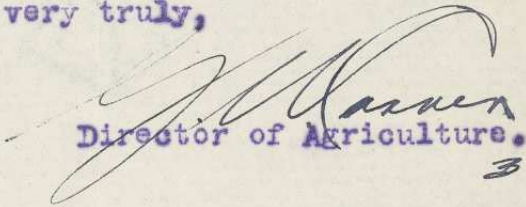

Prof. L. H. Pammel,

Ames, Iowa.

I have your favor of the 13th asking for leaves of the Genus Pinus, especially Pinus Teada and P. Palustris. I shall start some of these leaves to you next week, hoping they will reach you safely.

I am very thankful for your kindly words with reference to the little Teachers' Leaflet. I shall be very glad if I can see the notice to which you refer in the Register.

Yours very truly,

Director of Agriculture.
