TUSKEGEE NORMAL AND INDUSTRIAL INSTITUTE

FOUNDED BY BOOKER T. WASHINGTON

FOR THE TRAINING OF COLORED YOUNG MEN AND WOMEN

GEORGE W. CARVER

DIRECTOR OF RESEARCH AND EXPERIMENT STATION

TUSKEGEE INSTITUTE, ALABAMA

July 15-28.
 My beloved Teacher and friend Dr. Pammel:—
 Thank you so much for your letter.
 The paper has arrived also.

The article has a strange effect upon me
 I have read it twice and shall continue
 until I see if this strange feeling passes away.

The way in it written is truly fascinating
 just as all of your articles are, but somehow
 this article has an appeal for style, interest
 etc, that none of the rest have

This is the strange part, as I sit and read
 I become absorbingly interested in the story,
 forgetting all the time that you are talking
 about me.

It seems so utterly impossible for me to
 even get within hearing distance of all of
 these beautiful things you have said that
 I say to myself, surely Dr. Pammel cannot
 be talking about me, and I therefore lose

right of myself and enjoy myself immensely
by reading it.

I do so heartily agree with you, I would
like to see it in pamphlet form similar to
those you get out on "Men I Have Met".

Whoever you have asked to take the lead
in raising money for its republication,
I hope they will see me as I want to
contribute something to it as I want
quite a number of copies for my own
use.

With much love to Mrs. Tammel.

I am most gratefully yours.

G. W. Leard.
