STATE ENTOMOLOGIST  
HENRY NESS, B. S. A.  
ASS'T STATE ENTOMOLOGIST

AMES, IOWA

Jan. 11, 1934

Dear Mr. Suckow:

I notice in the last "Iowa Bird Life" your request for starling records from Marshall County. I collected a pair (♂ + ♀) west of Le Grand, Marshall Co. Dec. 25, 1931, which are now in Prof. Guthrie's collection. At present Starlings are breeding in several places around Le Grand.

The following note from their western front may be of interest: I saw a flock of 5 birds near Guthrie Center, Guthrie Co. on Dec. 28, 1933.

Sincerely,

Harlow Mills
