Dr. R. M. Hughes, President  
Iowa State College  
Ames, Iowa

Dear Dr. Hughes:

I am inclosing a copy of my letter to Dr. Drake in acceptance of the wild life research position concerning which we have been negotiating.

I am also submitting to you the expenses that I incurred in connection with the recent trip to Iowa which I made at your invitation. I have prepared the account on University of Wisconsin forms and according to U.W. regulations, and trust that this will prove satisfactory to you.

I wish to thank you for the part you have played in making possible my participation in the Iowa research program, and I hope that developments will not in any way be a disappointment to you.

Yours sincerely,

Paul L. Errington  
In Charge, Quail Investigation
