Mr. W. L. McAtee,  
Division of Food Habits Research,  
U. S. Biological Survey,  
Washington, D. C.

Dear Mr. McAtee:

I have just completed the preparation of a manuscript for a bulletin on the bobwhite and I need illustrative material. Do you happen to have a picture of bobwhites in the wild, which I may use as a frontispiece? I would like the picture to be of sufficient clearness so that the reader, if unfamiliar, could see what the bird was. If you send anything please let me know to whom I should give credit.

I don't want you to put yourself out to accomodate me, but I thought perhaps that you might have something suitable at hand. Unless you have and can send it to me within the next few days, please don't bother. Thanks!

Very truly yours,

PLE#B

Paul L. Errington,  
Prof. Wild Life Research
