Dear Mr. Leopold:

I am sending you carbon copy of a manuscript, "Aesthetics and Effectiveness of Bird Gardens". This, you know, is the one combined from the two unsatisfactory short papers, which you looked over in Des Moines. If you think this worth publishing, I would appreciate having your suggestions as to where it should be sent. I would like to have it reach a high-class rural and suburban circulation, where it might do any good that it is capable of doing.

Sincerely yours,

PLE\*B
