Mr. Aldo Leopold,  
Old Soils Bldg.,  
Univ. of Wisconsin,  
Madison, Wisconsin

Dear Mr. Leopold:

I am sending a revision of my paper on "Wild Life Research as a Profession". Please go over this carefully, for eventually I want this to be one of my good papers. When you are through with it will you please take it to Professor Wagner for his criticism, as well? He has read the very rough original draft and I would like his comments on the revision. Possibly Dr. Cole also would be willing to look over the manuscript. After everybody is through with it, will you see to it that it gets returned.

Yours very truly,

*Paul L. Errington*  
Paul L. Errington,  
Asst. Prof. Wild  
Life Research
