Mr. Kirk Fox, Editor  
Successful Farming,  
Des Moines, Iowa

Dear Mr. Fox:

In regard to your letter in which you state that you would like to receive the manuscript of my predator chapter within a month, I may say that I am not at all sure -- in fact, doubt exceedingly -- that I will be able to prepare it in that time. However, I shall try heroically to make some early progress on it.

Sincerely yours,
