Mr. Gustav Swanson
University of Minnesota
Minneapolis, Minnesota

Dear Mr. Swanson:

I am glad to hear from you again and to know that you have completed your work on raptor parasites. I hope this will be published. When it comes out will you please keep me in mind for a reprint?

I will be more than glad to keep you in mind for openings, but at the present time I have no funds whatever for any expansion here (except temporary CWA stuff), and do not know of anyone else who has. I would like, however, to talk all this over with you thoroughly since I know of several places where openings may develop. Are you in touch with Errington?

I intend to drop in at St. Paul after my teaching is over this spring, and if you would leave word with Ralph King or Dr. Kilgore, I will try to get in touch with you. Meanwhile, if you happen to be in Madison, please look me up.

Yours sincerely,

ALDO LEOPOLD
Game Manger

AL/gm

Paul: Is this the Swanson whom everybody rates so highly, and who is a friend of Mrs. Stewart? If so, we ought to find a place for him. Have you any suggestions?

A. L.
