Dear Mr. Hamilton:

Thank you very much indeed for the reprints,
which shall become a part of my permanent library. I also
appreciate your good word on the book.

I am glad to hear that you are working on the
red fox and thought it might be of some use to you to know
that Paul L. Errington of the State Agricultural College,
Ames, is also gathering additional material on foxes. I
am sending him a copy of this letter so that each of you
will know of the other's work.

Yours sincerely,
