Ames, Iowa

Dear Paul:

I can arrange to be here most of the week beginning September 10, although I will be out of town September 9 and may have to make a short run out sometime during the week in connection with the crews I have working on marshes. I was about to write you asking when you were coming over, and will be much interested to see your new manuscripts.

Unfortunately our youngsters will be back and our house again filled up within a few days, so that we would not be able to make you and Mrs. Errington comfortable at the house. My mother is also visiting us.

We are looking forward to seeing both of you, and unless I hear from you to the contrary I will look for you Monday.

Yours sincerely,

*Aldo*
