

New Soils Building  
February 11, 1935

Mr. Jay N. Darling, Chief  
Bureau of Biological Survey  
U. S. Department of Agriculture  
Washington, D. C.

Dear Jay:

I took the liberty of sending a copy of my letter of February 1 to Paul Errington for criticism. He approves of the set-up except that he thinks the stipends are too low. His present research men are receiving \$900, \$950, and \$1400, plus travel, respectively.

I guess I am getting by with a lower figure because my boys are all unmarried, and Paul rightly makes the point that with too low a stipend it is hard to pick and choose the best material. I am inclined, therefore, to agree with him that my estimates should be slightly raised.

Yours sincerely,

Aldo Leopold  
In Charge, Game Research
