Dear Paul:

I didn't see the previous item in "The Game Breeder" and I don't keep a file of the magazine so I can't supply you. I do not know the present editor but the address of the publication is 205 E. 42d Street, New York.

My guess is that there is nothing behind this and that it is simply a bungling of your vulnerability findings. I will be interested to see your reply.

Yours sincerely,

Aldo Leopold ^N
