Dear Paul:

Thanks for the comments on the census form. I think I will go ahead on this merely as a teaching device, and of course, send you a corrected draft before manifolding the material.

I had heard of Guthrie's publication on rabbit warts and especially appreciate your thoughtfulness in sending me a copy.

I like your idea of muskrat research on the Rainey Sanctuary and I know that Bill Vogt and Dick Pough will like it, too.

Yours sincerely,

Aldo Leopold
