Messrs. Paul L. Errington, Iowa State College, Ames, Iowa ✓
Arthur S. Hawkins, Illinois Natural History Survey, Urbana, Ill.

Dear Art and Paul:

Thanks for the help you gave me on the A.T. & T. cable problem. I gather from subsequent correspondence that they are not really going to carry the thing any further. I have meanwhile received a sample of the cable and cannot see what possible use any of the covering is for nesting purposes. Accordingly, even if they should want to go ahead, I for one would have no hypothesis as to the origin of the damage.

Sincerely yours,

Aldo Leopold
