Ames, Iowa

Dear Paul:

Walter Scott phoned me yesterday that the Prairie du Sac project had been approved and now awaits only the routine of getting salary checks started. I am hoping that the March check will be along in time so that neither you nor I will have to advance anything to Gastrow for March 1.

I think there is no disagreement between us about methods of passing on quail densities. Let's let it ride until we can talk about it.

I hope Gastrow is making an actual count of pheasants.

Sincerely yours,

Aldo
