Mr. Walter E. Scott
Conservation Department
Madison, Wisconsin

Dear Walter:

As I understand it, the Pittman-Robertson set-up for Albert Gastrow's salary as census-taker of the Prairie du Sac area was approved last winter. I now write to remind you of it and to recommend that the necessary funds be set up so that his check for November will be forthcoming.

It is my understanding that his pay period extends from November 1 to April 1 and carries the rate of \$40 per month for this period. If there is anything that I need to do on the fiscal end, let me know.

On the other end I am asking Frederick Hamerstrom to act for me in the supervision of the work, consulting with you and Paul Errington as to technical questions which may come up. Is this agreeable to you?

Sincerely yours,

Aldo Leopold
Professor of Wildlife Management
