Dear Paul:

The twenty copies of the horned owl bulletin have been sent to Seth Gordon.

I am pleased that you have gone over the Prairie du Sac manuscript, and will await your comments.

Yours sincerely,

Aldo

Professor of Wildlife Management

P.S. We have approximately 120 copies of the horned owl bulletin on hand and would, of course, be pleased to share these with you as long as they last. Evidently you treated us more generously than you did yourself.
