Dr. Josselyn Van Tyne:
University of Michigan
Ann Arbor, Michigan

Dear Dr. Van Tyne:

I will try and get somebody's ear about the small fund for the Errington paper, but I'm not as hopeful as I was, for the Institute is not paying the expenses of its Technical Committee to Memphis. It's that Committee I hoped to interest. Carl Hubbs has gotten similar small grants from the Institute.

Yes, by all means modify the John Main item as you suggest. Thanks for the improvement.

Yours sincerely,

Aldo Leopold
Professor of Wildlife Management
