Dear Paul -

Your good word on "Escudella"
means much to me. I've had some "orbits"
on it, but mostly from people who have never
tried to do this kind of thing.

Albert Hachbaum plans to do some
drawings for some of these sketches, to
be published. Perhaps in a year or two.
^{He is}
~~We are now doing~~ Bulletin #1 of the
Delta Station, also with numerous drawings.
Thank God he can write. I think you'd
be pleased

Love to Carolyn & Peter

Yours

Aldo

Escudella was pleased also with your letter
