

424 University Farm Place
June 9, 1942

Mr. Walter Scott
State Conservation Department
State Office Building
Madison, Wisconsin

Dear Walter:

I transmit herewith Gastrow's report on his winter work with appended summaries of his censuses. I am sorry to be so late in getting these to you. Hanson was using it for certain analyses of his own.

As soon as you conveniently can, I would suggest you send this to Errington for his usual check-up. If Errington disagrees with the interpretation of the figures, he will then let us know so that they may be revised.

I am sending a copy of this to Errington so that he will know that the report will reach him in the near future.

Yours sincerely,

Aldo Leopold

cc Errington ✓

Dear Paul:

These figures supersede those sent you under date of December 31, 1941.

Yours,

Aldo Leopold
