Dear Paul:

Albert Gastrow goes on duty <sup>October 15</sup> ~~November 1~~ to April <sup>15</sup> ~~30~~  
at \$85 a month. Have you any suggestions over and  
above the usual procedure for data which he can  
and should get?

Unless you have plans to the contrary, I shall  
see him shortly to see whether he is able to  
repeat the rabbit census.

We expect to repeat the mid-winter songbird  
census by means of a volunteer crew the same  
as last year.

Yours sincerely,

*Aldo*
