Dr. Paul Errington  
Department of Zoology  
Iowa State College  
Ames, Iowa

Dear Paul:

Thanks for your explanation of the imprisonment question in muskrats.

Cyril Kabat is the best judge of anything pertaining to Albert Gastrow. I am asking him to size up the matter and if he thinks Albert should get copies of the recent papers we can furnish them from here. I doubt whether Albert would read them even if furnished and I doubt whether they would bias his observations even if he read them.

We have had some interesting discussions with David Lack and he told me about his talks with you.

With personal regards,

*Aldo*
