Dear Mr. Carrier:

Paul Errington's paper on nutritional value of game foods, which appeared in the Wisconsin Academy Transactions, has not reached us in reprint form. I do not know for certain whether he has any reprints, but I am forwarding your letter to him with the request that you be sent one if one is available.

I know that Errington will recognize your name as a friend of Herbert Stoddard and Henry Davis. I am sorry I cannot immediately accommodate you by furnishing you this paper.

Yours sincerely,

Aldo Leopold
Professor of Game Management

Gentlemen

I see by the Wildlife Review published
by the Biological Survey, you publish a
booklet - "Nutrition value of Game Bird
Food Stems" by Paul S. Errington.

I have a Quail preserve here & would
like to have a copy of this very much.

Yours truly
R.M. Carrier
