Dear Elizabeth: - Will you please send me three copies of Mr. Durrell's paper on the leaves of conifers (his master's thesis) if they are available and if it is possible to obtain one well. You send me a copy of the directory (College). Mine disappeared in some mysterious way before I left.

We're having good hot weather here - Had a heavy rain 4th of July to celebrate.

Sincerely,  
(Miss) Ada Hayden
