Dr. Hayden,

Dear Dr. Hayden:-

I wrote a hurried note the other day and requested Mrs. Van Voorhis to tell you not to make any further trip but to get your reports ready.

I was very much interested in the statements you prepared for the press and the way you put the matter. Also what you had to say concerning Dr. William Trelease. Please have Mrs. Van Voorhis copy this portion concerning Dr. Trelease and put in a separate folder for me.

Yours truly,
