Dr. S. W. Beyer,
Dean Industrial Science,
Campus,

Dear Dr. Beyer:-

I am enclosing a letter from Dr. Ada Hayden in regard to a position of Assistant Professor in the North Dakota Agricultural College, also a copy of a letter from Prof. H. L. Bolley. Miss. Hayden is offered \$1,800.00 per year at North Dakota.

It seems to me we have not done justice to Dr. Hayden in regard to salary. I asked \$1,800.00 for her in the last budget, but it was not granted. It seems to me that a Ph. D. and a woman of her ability should receive \$1,800 per year. Miss. Hayden is a most excellent teacher and a splendid research woman.

May I ask that you give this matter careful consideration.

Yours truly,

LHP/ENT.
